

KU KLUX FUNERAL AT NATIONAL CAPITAL

He can't share me was McNamara's comment.

Mr. Melinige did not see his way to doing until the morning when he had to go to bed before his law partner, Jack Proctor, found the letter in their law office box. He refused any comment on it today, merely remarking "the letter speaks for itself."

He is to appear in the jury hall process that the twelve men would get case by 2 p. m. were on today's grammar. The three defendants are Broedon Jones, Fred Jones and the chief of police at E. Mont. denied on the stand that he are members of the Ku Klux Klan and that they had anything to do with the slaying of Mrs. Mary Watson.

James H. Burris.

Trial of H. A. Tallaferra charged with attempting to tamper with witnesses in the case and who according to police claimed to be a lawyer is to take place as soon as the floor case jury retires.

Two Alleged Car Thieves Captured and Held In Jail

State Automobile Inspectors Ben C. Coleman and W. Woody yesterday returned from Lynchburg where they had taken Paul Mecum, alleged automobile thief, who was arrested early Thursday morning near Moorefield's Store, Va., north of Lynchburg. Coleman and Woody are now in jail at Winston-Salem, N. C.

The arrest of the two men was made in conjunction with Federal agents.

Coleman and Woody have been working on the Mecum and Flynn case since June 13 and other arrests expected in the near future. The officers are convinced that in Mecum and Flynn they have two of the most notorious car thieves that have operated in this section. Flynn has a number of state warrants for car thefts now pending against him in North Carolina. Mecum is charged, at present, with transporting a stolen car, but other cases will probably be made against him.

The officers, armed with information that Mecum and Flynn would be in the neighborhood of Moorefield's Store Thursday morning, set a trap for them. About 5 o'clock a Ford car came along and this was stopped by the officers, but the two men in the Ford jumped and ran, escaping. Sixty gallons of corn whiskey was found in the car.

Just behind the liquor car was an Essex roadster. In this car were Flynn and Mecum and their car also was stopped and the two men placed under arrest. It all turned out just as the liquor car was caught and placed under arrest.

Flynn was taken to Winston-Salem by Federal agents, while Coleman and Woody took Mecum to Lynchburg.

The car in the case is a Buick touring automobile, stolen in February in Jacksonville, Fla. It was transported through North Carolina and taken to Lynchburg by Mecum and Lucy Lanier, an escaped convict of North Carolina. The car was recovered in March and Mecum and Lanier arrested, the latter being sent back to serve his term in North Carolina. Mecum was later freed because no evidence could be secured against him at that time.

However, the officers now state that they have a strong case against Mecum.

It will be remembered that Mecum was the man who swore out the warrant against Officer Coleman several months ago in Winston-Salem, charging him with a false arrest. This matter, it has been learned, has been straightened out and the warrant against the Virginia officer dismissed.

INSTITUTE IS GREAT SUCCESS

One of the most successful institutes held at the Baptist church of Kentuck is closing tomorrow after lasting for a full week. The attendance was extremely good, the visiting speakers being heard attentively by large congregations. The Keeling and Ringgold Baptist churches joined hands in the institute contributing to its success. Among the speakers were Dr. F. A. Ager of New York, efficiency secretary of the Northern Baptist convention and an important figure in the denomination; Dr. J. N. Adams, of Louisville, professor of theology at the Seminary; and Miss Virginia Shaffer of Baltimore, a specialist in Sunday school work.

Rev. Jesse R. Hite of Kent, pastor of the Baptist church of this city also contributed to the success of the occasion by his addresses.

The institute closed last night with an address by Dr. Adams preceded by numbers sung and a prayer. The stories told, this being undertaken by Miss Shaffer with the assistance of several pupils.

Dr. Adams will speak at Kentuck church this afternoon and will remain over on Sunday, preaching at both the morning and evening services.

SURGEONS MEET NEXT IN ROME

LONDON, July 20.—An international congress of surgeons, scheduled yesterday to meet in Rome in 1929, Professor Giordano was elected president. It was determined that the German language will be permitted next time as well as English, French, Italian and Spanish.

Surgical miracles were attested to yesterday when Dr. Gosset of a Frenchman told of the production of energy, including one in which a dog's nerve and grafted it on a man's arm. Sensibility was obtained in 145 days and power of movement in 140. This announcement is expected to influence the treatment of war wounded. A wounded soldier appeared at the congress to testify to the efficacy of the transplantation.

Leading London specialists recounted Dr. Serge Voronoff's claims, asserting that the grafting on humans of alien glands was entirely inflicting. This theory is being met by English experts who regard Dr. Voronoff as a charlatan.

OH, HOW WE HATE TO GET UP! SHE KNOWS! SHE AROUSES 600

CATHERINE MARTIN.

BY JOSEPHINE VAN DE GRIFF
(Special to The Bee.)

NEW YORK, July 21.—For four years Catherine Martin has been human nature at its worst. She has encountered men ranking with venom, women torn with melancholia, city rounds worn with nights of dissipation. And yet, she has but to speak and the rancor vanishes, the melancholia lifts, the world weariness disappears.

The magic formula which Catherine uses is "Good morning, Mr. Johnson, it's half past seven."

She's the official getter-up at the Hotel Pennsylvania. Every morning via telephone she rouses 600 individuals from their beds and sees them start the day right.

She tells them about the weather, tells them if they ask—what kind of clothes to wear, what time to take their medicine, what time to keep their appointments.

And here, according to Catherine, are some of the things that come back over the wire when she says, "Good morning."

"Well, my dear, ordinarily I'd be in a very bad humor this morning but at the sound of your sweet voice I can't say a thing except thank you very much and I'll get right up."

Or, "Aw, well, alright—ugh—ugh—I spoke I'll haf—ah—say how's the weather this morning? Think I better say, 'Good morning.'"

Or, "Oh, say, give us another five minutes. Now you call me in five minutes and I'll get right up."

It's this last class, says Catherine, that tries a woman's soul. "First they want five minutes and then another five minutes and sometimes you'll be ringing 'em till 9 o'clock and still they don't seem to be able to negotiate the distance between the foot board and the fur rug."

Once there was a man that got Catherine downright alarmed.

He was saying, "Oh, say, give us another five—when his voice trailed off utterly and a deep silence reigned. The telephone operator rang and rang but there was no answer. Then she called the floor clerk. The floor clerk called the houseman. When the houseman broke in the door the man was sleeping peacefully across the bed, the telephone clasped tightly to his chest.

"Yes," says Catherine, "men are terribly hard to get up but once they're thoroughly awake they're the nicest things imaginable."

"Only once," I remember I got a "falling down." One of the regulars had checked out and a traveling man had come in about 5 o'clock in the morning and I didn't know it so I rang at the regular hour."

Or, "Aw, well, alright—ugh—ugh—I spoke I'll haf—ah—say how's the weather this morning? Think I better say, 'Good morning.'"

Or, "Oh, say, give us another five minutes. Now you call me in five minutes and I'll get right up."

AMONG THE CHURCHES

Stokeland Methodist Church, Rev. S. E. Jones, pastor. Sunday school at 10 o'clock a. m. and preaching by the pastor at 8 o'clock p. m. followed by communion service.

Shedd Memorial Methodist, Rev. J. W. Rustin, pastor. Sunday school at 9:45 a. m. Mr. E. F. Bragg, Supt. Preaching by the pastor 11 a. m. and at 8 p. m. by Rev. S. J. Baitlin.

Main Street Methodist Episcopal Church, South. Sermon at 11:00 a. m. by the pastor, Dr. T. A. Smoot. Union Service in the evening at 8:00 a. m. Mr. E. F. Bragg, Supt. Preaching by the pastor 11 a. m. and at 8 p. m. by Rev. S. J. Baitlin.

Epiphany Protestant and Episcopal, Corner Main and Jefferson. Sunday school 9:30 a. m., morning prayer and sermon, 11 a. m. Union services at Epiphany church 8 p. m. The Rev. J. M. Shelburne, D. D. preaching the service. Service in charge of Rev. J. Cleveland Hall, D. D. rector emeritus.

Third Avenue Christian Church, Rev. P. T. Klapp, pastor. Sunday school at 9:30 a. m. J. W. Dixon, Supt. Graded classes to seat all ages, prayer services at 11 a. m. Conducted by members. Preaching service at 7:45 p. m. conducted by Rev. D. L. Beyer Schoolfield. Come out and meet with us at each of these services you are always welcome at this church, come.

Jefferson Avenue Christian Church, Charles L. Garrison, pastor. Bible school 9:30 a. m. sermon and communion 11 o'clock, subject of sermon, "The Way of Progress." Christian Endeavor meeting at 7 p. m. Union services at the Episcopal church 8 p. m., sermon by Dr. James M. Shelburne.

Calvary M. E. Church, South, Joseph T. Allen, pastor. Services will be conducted by the pastor, Sunday 11 a. m. and 8 p. m. The evening service will be especially for the young people. The junior choir will sing.

Second Baptist Church, H. W. Connelly, pastor. Sunday school conducted by Willie Austin and a trained corps of teachers meet at 9:40. Pastor will preach at 11 and 8 o'clock. Subject, "How to Invest Your Life," and special service for young people at night on "Living Above the Snake Line." The three graded B. Y. P. U. meet at 7 p. m. Splendid interest in all the services during the warm days.

Moffett Memorial Baptist Church, C. J. D. Perkins, pastor. Sunday school 9:30. T. W. Wilkins, Supt. Preaching 11 a. m. and 8 p. m. Morning subject, "The Upward Look." Evening subject, "The Great Kingdom of the Ages." Be sure to go to church in the summer time on Sunday with the same loyalty you go to business on the week day. A cordial welcome awaits all.

Burton Memorial Presbyterian, L. P. McCulloch, pastor. 8:45 Sunday school 11:00. Morning worship, sermon "Making the Sun Stand Still." Junior pageant in the afternoon, 6:45. Luther League meets at 8 o'clock Wednesday evening. Remember that our church is always open for regular services. The public will find a cordial welcome among us.

Keen Street Baptist church, corner Keen and Church street. Rev. Jesse R. Hite pastor. Sunday school at 9:30 a. m. W. C. Chaney, superintendent; preachings at 11:00 a. m. and 8:00 p. m. by the pastor, B. Y. P. U. study class at 7:00 p. m.

On account of the association at Everett College next week, there will be no prayer services at the church Wednesday evening.

College Avenue Chapel, W. N. Cook, pastor. Sunday school, 3 p. m. Mr. E. D. Albright, Superintendent, Evening Worship and Celebration of the Lord's Supper at 8 o'clock. Dr. Dugan, pastor of the Presbyterian church, will have charge of the service and preach.

Cabell Street Memorial Methodist, Rev. O. B. Newton, pastor. Announcement of vote of members for place of picnic will be made at session of the Sabbath school at 9:30. Largest school in the city. Splendid orchestra led by Dr. Raymond Scruggs. Organized department classes for pupils young and old. Brotherhood Bible class for men meets at 10 o'clock. Subject, "How to Deal With the Other Fellow." Sermon by the pastor at 11 a. m. and 8 p. m. Prayer service at 3:30 p. m.

LACK OF FINANCIAL EDUCATION IS HURTING WALL STREET

BY EDWARD THIERRY
(Special to The Bee.)

NEW YORK, July 21.—What is the matter with Wall Street? "Lack of financial education," says Clarence W. Barron, leading publisher of financial newspapers in America.

Public ignorance capitalized by a handful of crooks is responsible, Mr. Barron says, for the series of Wall Street disasters that have recently cost investors millions of dollars.

"People who fail to get information about investments must lose their money," he added. "They're to blame—not Wall Street."

Mr. Barron is an international authority on finance, author of books on world economic problems, and head of the Wall Street Journal, Boston News Bureau, Philadelphia News Bureau, and Barron's Weekly.

"Finance is a new thing to millions of people who have now for the first time money to invest," he said. "Before the war only a few hundred thousand people were interested in it. Now more than 2,500 people are to be government bondholders. Put the war did not educate them any further concerning investments."

"Thousands of new bondholders then became buyers of miscellaneous bonds and shares, and really believed themselves to be men of finance; yet not one per cent. could tell you the difference between Standard Oil and the thousands of oil prospects quoted by promoters."

"They have no means of knowing or classifying promoters from real brokers. Curb men from New York Exchange men. To their minds all stocks are manufactured in Wall Street. They are now getting an expensive education."

Mr. Barron believes Wall Street and the whole country will be at the better for the clarification resulting from the present purging of Wall Street.

The first thing an investor should find out, he says, is the character and standing of both his broker and his banker. This is his advice:

"The time to find out about your investment is not when you come to borrow on the shares you have bought, but before you make the investment. Select a good banker and ask him how much money he will loan you on the shares you propose to buy, and you may learn something."

Mr. Barron condemns tipsters and other "irresponsible public advisers for leading astray ignorant investors of small means."

"The public," he says, "has been batted into wrong things and batted out of right ones. Along with the bucket shop man the tipster has got to go—and the public has got to know. Otherwise the wolves of Wall Street get rich quick—at your expense."

Advocate a modification. A bill to this effect will be presented to the new assembly in August. The United States high commissioner announced the departure of six American destroyers for America yesterday.

CLARENCE W. BARRON

pleasantly rather than unpleasantly when you come to him, as a borrower of necessity, and learn that your shares have no collateral value with bankers.

"The next thing for people to learn is that neither promoters nor bucket shop men are brokers. The promoter is a man who is trying to sell you something at a primary profit to himself. And the bucket shop man is the gambler who takes your money and bets that you will lose it—and if you win, he fails, and you lose it also."

Mr. Barron condemns tipsters and other "irresponsible public advisers for leading astray ignorant investors of small means."

"The public," he says, "has been batted into wrong things and batted out of right ones. Along with the bucket shop man the tipster has got to go—and the public has got to know. Otherwise the wolves of Wall Street get rich quick—at your expense."

Advocate a modification. A bill to this effect will be presented to the new assembly in August. The United States high commissioner announced the departure of six American destroyers for America yesterday.

Nickel Loaf Like Willard— Unable To Do a Come-Back

WHEAT prices have tumbled from their high places to pre-war levels. But it doesn't mean anything yet to the consumer.

American consumers of bread need not look for a reduction in the price of bread for some time, if at all, according to a nationwide survey made for The Bee by NEA Service.

Upward trend of wheat prices sent bread skyrocketing in 1932. But bakers insist now that the price of flour is but a small part of bread cost, and won't at present of Old Nickel loaf, doing a come-back.

The most optimistic reports come, strangely enough, from opposite ends of the country. New York and Los Angeles buyers MAY in 30 or 45 days, have a cent clipped from the price of a loaf. They might be able to do it, but that's as far as grocers, millers and wholesalers will venture in the business of prognostication.

In other large cities of the nation, the prospect of a cut seems dim. Flour to the wholesaler has slumped, but the latter has at least a month's supply on hand that they bought at the high figure. Moreover, they complain that the cut in price of a barrel of flour would have to be very sharp before it would make a dent in the retail price of a loaf of bread, because labor is the biggest item of cost to contend with, and not flour.

Dispatches from Washington, New York, Los Angeles and Chicago are printed below.

Farmer Suffers
Other telegraphed news from New Orleans, Denver, St. Paul, Cleveland, Seattle and San Francisco, reveals about the same conditions except that in these latter cities the belief that the price of a loaf won't be cut for a long time, if ever, is more positive.

The fact that the farmer is getting only about 30 cents for a bushel of wheat—said to be actually below his cost of producing—seems to make no difference in the price of bread.

In San Francisco, lower wheat prices caused a drop of 60 cents to \$3 a barrel, depending on the grade. The demand is off, bakers are waiting developments in an agitated market. No immediate bread reduction is in sight.

The same condition holds for Seattle, where flour dropped 40 cents a barrel, but bread prices remained stationary. S. B. Asia, large wholesaler, says sugar, labor and delivery constitute the greatest expense in making bread.

A temporary drop in flour cannot be expected so long as the farmer is not getting a \$5 barrel of flour to do that. It now is \$7.40.

Flour men of Minneapolis and St. Paul, big grain centers, expect the price of wheat to rise soon. Consequently, instead of further reductions, they expect increases in flour and consequently no changes in price of bread.

Dealers at Denver say that the drop in price of a barrel is negligible when split among 200 loaves. There isn't a chance of a reduction, they report. "Little Fellows"

Bakers in New Orleans complain that millers, despite the drop in

JITNEY BREAD, YOUR FOLKS WANT YOU!

price of wheat, have quoted them no lower figures on flour. They believe this is the time for the "little fellows" to get together and cut in on their wholesale opposition.

The grocery trade is of the opinion that housewives will get busy with their ovens again if millers allow the price of flour to drop along with that of wheat. As to the dining-out public—hah!—they will continue to pay as usual.

Cleveland prices of bread will not change, according to present outlook. Flour is slightly cheaper, due to the wheat crop, but as in other cities, bakers say this slight cut can't possibly mean lower price for the loaf.

Dispatches from chief points of the country are printed below.

No Reduction Yet
WASHINGTON, July 21.—Despite the decline in the cost of wheat, no proportionate reduction in government figures show, has been made in flour or bread.

The index figure, or cost, of bread as compared with the average pre-war cost in 1913, is exactly the same today as it was on Jan. 1, 1922—155.

The index for bread has remained fixed at 155, and no change whatever has been recorded in the general average of prices since December, 1922.

In a few cities there has been price-cutting, but these are the exception, not the rule. One chain store in Washington sells a one-pound loaf of bread at 5 cents. But the prevailing price is 8.

Reduced prices to farmers for things they produce have not been reflected in the selling prices in eastern consuming centers, one member of the Senate farm-bloc explains.

Therein lies the explanation, he says, of the east's inability to understand the political and economic revolt that is brewing throughout the agricultural belt.

"The east thinks that with factories running full time and prices high everything is all right," this member said. "He doesn't understand that the volt of high prices it is still paying for foodstuffs, the price to the grower has been cut to below the cost of production, while the farmer is still having to pay top notch prices."

every outlooker felt that he or she had been given the money's worth when Referee Leslie Browder hoisted the hand of Franklin, the winner in the final bout.

The promoters and boys themselves evidenced their approval of the \$4.50 prize which will be awarded to the victor.

England completes reply to German note, sends copies to French, Belgian, Italian and United States governments. Draft reported to leave door open for French agreement and urges Berlin cease resistance in the Ruhr.

Canada seeks to obtain 60,000 workers for harvesting the crops from England by low ocean fares.

Southern Railway to increase wages of shop men 1 to 3c an hour, benefiting 18,000 to 20,000 men.

Bradstreet reports "More quiet in trade and industry with added note of conservatism in surplus wheat growing regions but slightly more cheerful tone in speculated lines and further gain in crop conditions."

The third and final bout of the evening was for flyweight honors. Lightning Franklin winning four of the six rounds over "Bull Dog" (Ellis) Halperin on points. In this part of the program the scientific part of fight encounter was displayed. The two "fists" handling their punches with accuracy and judgment of veterans. With the addition of weight and years one of the two should make fight followers forget all about Crippe, the Verdon hero and his sheep jaw. Each and

them and set up a deafening clamor at the two boys using the gloves, who swayed, advanced, retreated, sidestepped and slugged with the ferocity of a combined "Tiger of the Ring" and the "Bull of Pampanas". The bout was forfeited to Battling Sykes in the second round. Willie Boy Adkins, his opponent, forgot to double up his thumb on a drive to the chin point, and Sykes bit it anyway, the thumb pulled a Willard flop and Sykes was the victor.

Then came the main bout of the evening for the heavyweights. The title of a swinging double-banked electric light overhead, while a \$4.50 gate, perched on a groaning fence, on the dozen or more steps, leading to a packed little porch and the holers of the crowd doubled-banked of ringside seats, yelled waved, pinched and scratched in turn as their favorite idol with a roarsate nose and doubled fists fell or was felled. In short it was the "fight of the century" for the younger Danville inhabitants. Two boxing titles being decided while an other ended in a draw with a good preliminary attraction.

In the preliminary, a three-fall decision on a wrestling match, "Pug" (Richard) Gravelly took two falls from "Hurricane" (Frank) Barra-way. The first fall coming in one and one-half minutes and the second in one minute and two seconds. Although the struggle held was barred, Joe Turner, "Strangler" Lewis or any other follower of the mat game could have picked up points on unheard of holds.

Things really began to warm up with the middleweight exhibition with the gloves the 61 spectators, mostly children. (Firpo may decide to fight Dempsey in Gwynn's back lot) no one held their seats that is in the customary order but stood on

Cook That Childrens' Bab- ble Annoyed When He Tried to Sleep Is Murder- ed—Loved His Dog and Parrot.

NEW YORK, July 21.—Coemel Disculio, a cook, died violently yesterday because he had mistaken his environment. He had a dog and a parrot instead of children in his flat at No. 544 West 44th street, where the neighborhood loves its little ones.

But Disculio kept all his affection for his pets and centered all his dislike upon the children who swarmed through the five-story tenement, in which twenty families live. His reputation for this extended throughout the block for he cuffed visiting children and those who lived in the house.

The hot weather made him more irritable, for he worked nights and found it hard to sleep days. His flat was on the ground floor, almost on the street, noisy with playing children.

Six-year-old Jimmy Barnes under-sized aroused the displeasure of Disculio yesterday afternoon, and the man slapped him. Jimmy went crying to his father, James H. Barnes, on the top floor.

When Barnes rapped on his door Disculio burst forth swearing. Barnes, a much smaller man, fled to his flat and from the window blew a police whistle.

Mrs. Margaret Daly, sixty-five, whose ankles have been broken so she moves with difficulty, heard the noise in her basement apartment and went upstairs, but Disculio turned upon her so angrily she hurried down again.

The cook's wife and the janitress, Mrs. Catherine Hirschberger, went into the hall to attempt to quiet the man. They say two men, unknown to them, entered and Disculio attacked them with a teaspoon.

When Patrolman Ward arrived the two frightened women were supporting Disculio's body, with the throat cut. Men and weapons had vanished, nor would anyone accurately describe them.

Barnes was held as a Sullivan law violator when detectives found two revolvers and some cartridges in his flat. Fathers whose children have been struck by the dead man are being questioned.

Good Morning Judge!
The other day Will Jones' dog was seen on the street with a muzzle by Police Officer W. E. Foster, who immediately summoned the owner to court. Will undertook to give an alibi for his dog, but his tale did not let him off altogether. Will's dog must have been sick if his master's story is true. The negro claimed that he kept the animal muzzled all the time. On that particular day, he says, he was feeding it. A customer came into his store and naturally he left the poor doggie alone to finish his dinner, while he waited on his prospective customer. Will said while his attention was turned to his customer his dog ran out into the street, right into the hands of an officer. One dollar and costs was the judgment.

The case of W. D. Henderson, whom Morris Moore charged with obtaining \$216.30 from him under false pretense, was this morning set for August 15th.

A warrant charging Maude Rhodes with creating a disturbance by using profane language to Beulah Conway, colored, was dismissed at costs.

Joe Smith, colored, wrong tag, dismissed. A. P. Patton, violating traffic ordinance, fined \$10 and costs. Dick Haynes, speeding, fined \$21 and costs. Emmanuel White, colored, speeding, fined \$21 and costs.

The following cases were continued: W. C. Cannaday, charged with obtaining \$5 from R. F. Soars under false pretense. Alonzo Jones, for beating F. A. Reagan out of his board bill. G. C. Weley, for having wrong dog on his machine. John Robertson, violating parking ordinance.

Chatham Court Takes Up Civil Docket On Wed.

(Special to The Bee.)
CHATHAM, July 21.—The criminal docket of the circuit court was cleared yesterday and court adjourned until next Wednesday when the civil docket was cleared up. Other minor cases were disposed of yesterday. The most important case of the civil docket will be trial of the suit of Miss Louise Tugman for \$75,000 against the Riverside and Dan River Cotton Mills of Danville. The suit, recently instituted, resulted from an injury to a young woman received ten years ago.

THIS
RESTAURANT

Is the busiest in town for many reasons, the chief being that folks can wait on themselves, pick out their own dishes which are steam-heated hot, right in front of them, and save money by being their own waiters and avoiding tips. Tom Kemp, Manager.

DIVORCE PROCEEDINGS BEGUN.

Divorce proceedings have been filed in the Corporation Court by Mrs. Margaret Schley Strange, formerly of Newport News, against her husband, R. N. Strange, now of this city. Suit requested in the bill of complaint. No cross bill has yet been filed.

Make Application
To Take Over the
C. C. & O. Railroad

(By The Associated Press)
WASHINGTON, July 21.—The Atlantic Coast Line and Louisville and Nashville Railway made application to the Interstate Commerce Commission for authority to take over and operate the Carolina, Clinchfield and Ohio Railway system. The Louisville and Nashville Company, owned by the A. L. C. L. Line proposed to operate the Clinchfield 369 miles of road under a 99 year lease. In the proposal the Louisville and Nashville and the Atlantic Coast Line will assume all of the mortgage indebtedness of the Clinchfield system.

In addition \$25,000,000 of the common stock of the Clinchfield road will be left outstanding in the hands of the present owners and the leasing company's guarantee to pay dividends on this at the rate of 3 per cent, until 1928. The Louisville and Nashville expects to acquire a new route for its Kentucky coal traffic, the application said and in addition will have an important link across the Appalachian mountains. The consolidation was said to be in harmony with the general consolidation proposals which the Interstate Commerce Commission has made under the transportation act.

GETTING FULL VALUE FOR YOUR SERVICES

BY IRVING R. ALLEN
Research and Consultation Service, LaSalle Extension University,
Chicago.

EDITOR'S NOTE: The following article, which will be included Monday, is written by Irving R. Allen, a business expert. His books on business instruction serve as text books in the larger universities and colleges. Starting as a salesman with meager education, no money or influence, he worked in both specialty and staple fields, graduating into an executive sales position. Today he is rated a \$75,000-a-year man.

While some men get less than they are worth for their services, the most any man wants and hopes for is all that he earns. To attain this end two things are essential. First: As insurance against underpayment learn to sell your personality and ability at its full market value. Second: Keep on building and adding to what you have to sell; day by day, make yourself worth a little more, and year by year collect for it.

There are three classes of men: One, the fellow who doesn't try; two, the man who builds his ability but fails to advertise to make his possibilities known; three, the successful combination of ever-increasing ability and constant personality selling—wins despite the barriers. You are your own wares.

You want the right concern first of all. You are looking ahead for the "cake." You are old enough to know your own mind—to estimate your own ability and past training—the possibilities that lie in future developments. Deliberate calculations beforehand save many a sigh of regret for wasted time later.

Letter Opens Door.
There are six channels through which you can get a position. One, answering advertisements; two, inserting advertisements; three, personal acquaintance; four, circular letters; five, personal call; six, employment agencies. The last two are inserted simply to make the list complete. Personal calls or canvassing for jobs depreciates the value of your services in the eye of your prospective employer. Employment agencies perform a service which you can better perform for yourself.

Some of the best concerns—Dun and Bradstreet recommend them with an AA-1 mark—fill practically all their vacancies that can't be supplied from their own organization through the want ad columns of the daily newspapers. And some of these vacancies have paid salaries to the man who filled them.

Barnes was held as a Sullivan law violator when detectives found two revolvers and some cartridges in his flat. Fathers whose children have been struck by the dead man are being questioned.

MONDAY: Allen will complete his article on "getting cash value for your services."

Then your personal acquaintances—friendship is an interchange of value. It cannot be otherwise. Consequently one of the biggest assets a man can have is a wide acquaintance among worth-while men. Whether or not your personal acquaintances will help you in locating a position is largely a matter of whether you broach the subject in a negative or positive manner.

Nothing succeeds like success; nothing fails faster than failure.

THE TRUTH ABOUT
MOTOR CAR LENSES

The law says that your headlamp must be equipped with an approved device—accurately focused and adjusted

New Jersey is going to stop glaring headlights at once.

You may install an approved lens, and still break the law—if your lamps create a dangerous glare.

Lenses are approved legally if they distribute the light properly on the road when properly aimed and focused.

But the only safe lens for the driver is one that lights up the ditches as well as the road.

Be sure that the lenses you buy are safe for you as well as the motorist approaching. The most scientific lens you can buy is the cheapest in the end.

The great majority of motor car manufacturers—114 of them to be exact—have adopted Monogram Lens. Their engineers don't guess.

Monogram Lens, properly adjusted, is the best driving light without glare the world has ever known. They give 80,000 candle power on the crown of the road 100 feet ahead with a spread of light from fence to fence.

This extremely wide light protects you when driving, from the dangers of glare from approaching headlights.

To our thousands of users, we will gladly mail complete instructions for properly adjusted Monogram Lens.

SOCIAL ACTIVITIES

Guests at "Orapax."

Mrs. Frank Meeks and daughter with Miss Elizabeth Perkinson have returned from a delightful visit to Mrs. St. John Duval at her country home, "Orapax," near Richmond. Some time was spent in Newport News and Norfolk on their way home.

Motored to Lynchburg.

Mrs. Sallie Johnston Penn attended the annual picnic of Colonial Dames at Lynchburg Wednesday. Mrs. Penn was the guest of Mrs. D. C. Jackson.

Friendly Road Trip.

Mr. and Mrs. W. P. Thornton, Jefferson avenue, left today by automobile for a two-week trip through Valley of Virginia and other points. For this trip Mr. Thornton has perfected to make no plans as to the destination but will follow the friendly road by stopping wherever night meets them. At the end of six days they will turn about and start towards home.

Mrs. Mary Canada.

Miss Coemela Harris and Mrs. Sallie Hannah have returned from an automobile trip of several days.

Will Entertain at Bridge.

Mrs. George Miller, West Main street, will entertain at four tables of bridge this evening, in honor of Miss Frances Howard of South Boston.

PERSONALS

—C. C. Milner, of Richmond, the guest of his mother, Mrs. M. A. Milner.

—Mrs. A. Y. Cobb, of Atlanta, Ga., is visiting Mrs. Howard, Chestnut street.

—Mrs. C. D. Clements who has been critically ill at Stuart Circle Hospital, Richmond, is daily improving.

—Messdames Cies Spraggins, Sr., Malcolm Lacy and Cies Spraggins, Jr., are the guests of Mrs. J. C. Hannah today.

—Mrs. J. T. King and son, are visiting at Blowing Rock, N. C.

—Hunter A. Lea, was operated on for appendicitis Thursday at Edmunds Hospital, is doing nicely.

—Ulysses S. Grant, of Climax, was a visitor in the city yesterday, greeting friends.

—Miss Geraldine Fitzgerald, who has been visiting Mrs. R. C. Thompson, on Mount Vernon avenue, for the past week, returned to her home in Richmond today.

—Miss Virginia Bond, Evelyn Cheshire and Janie Gills; Messrs. Ira Cousin and Page Robertson are visiting at the home of C. P. Robertson's, in the county.

—Misses Anice and Mary Adams, who visited Miss Ruth Robertson returned home Wednesday.

—Mrs. Bascom Jordan is confined to her bed as result of a severe fall she sustained several days ago while visiting at Bellevue, Pa.

—Steven J. Davis, of Laurel Grove, was a visitor in Danville yesterday.

—Mr. and Mrs. David P. Garvin and son, D. P. Garvin, Jr., will leave tomorrow for Winchester for a two weeks' visit. They will go in their car.

—Dr. and Mrs. R. Bruce James returned yesterday from Atlantic City, N. J., after a brief stay at the great coast resort.

—R. A. Schoenfeld, who went to Atlantic City, N. J., recently for rest and recuperation, is reported to have very much improved during his stay there.

—Col. W. M. Kemper, of D. M. I., left yesterday for Massachusetts to attend the Young People's Conference, while he is away he will also visit Washington and Baltimore.

—"Pat" Crawley, a well remembered Danville resident, now of Norfolk, is a visitor in the city.

—Mrs. Henry B. Watkins is expected back from Patrick Springs tomorrow.

—Mr. and Mrs. B. V. Booth have returned from Virginia Beach.

—Mrs. Nora B. Covey and Miss Margaret Covey are spending the week-end with friends in the country.

—Mrs. E. B. Graham has returned from Charlottesville.

—Mrs. James Bruce is visiting friends in Athens, Georgia.

—Mr. and Mrs. Harry Holland have returned from Patrick Springs.

—C. C. Milner of Richmond, is visiting his mother, Mrs. M. A. Milner.

—Miss Annie Mae Reynolds and Miss Elsie Yates have returned from a visit to friends in Lynchburg and Roanoke.

—Mr. and Mrs. Walter O'Pry have returned from a trip through New York, Niagara Falls and other northern points, and are at home at Mountain View.

—Mrs. S. K. Cobb who has been a patient at Edmunds hospital for the past week is improving.

—Mrs. J. J. Spear has returned from a visit to Mrs. W. D. Duncan, near Whiteside.

—Miss Alice Turbyville is visiting her sister in Washington.

—Mr. and Mrs. B. N. Scarce returned yesterday from Greenville, S. C., where they have been visiting relatives.

—Miss Elsie Yates, after a delightful visit to friends in Roanoke and Blue Ridge Springs, has returned to her home on Main street.

—Z. S. Boone, representative of Mergenthaler Linotype Company, Brooklyn, N. Y., is in the city.

For Equality

American Flapper Too Frank in Dress, Says Chinese Miss

CHICAGO.—[Special.]—A blossom from a garden in far away China has been transplanted to prosaic Chicago in the person of Miss De Yeeh Koo, who is studying banking in the National Bank of the Republic.

Little Miss Koo, who now is only 20 years old, has been in this country five years, and in that time she has taken a four year course in Oberlin college, being graduated with honors, and later taking a post-graduate course of one year in New York university.

Raven locks frame an oval face of a clear olive, almost a golden tint. Her eyes are large and black as midnight and, unlike those of most of her race, they do not slant, but are at right angles to her small, upturned nose. Two rows of pearly white teeth appear when she smiles, and that is often, for little Miss Koo bubbles good nature from the crown of her well shaped head to her tiny feet.

"How did I happen to come to America?" Little Miss Koo repeated. "Well, you see, the Tsing Hua college at Peking every other year sends ten

Chinese girls to be educated in America. They pick the ten girls from different colleges and schools who have passed the highest in their examinations.

"I studied four years at Oberlin and afterward one year in New York. Then the Chinese consul in New York knew Vice President Woodruff of this bank and he obtained for me the right to work and study banking here. Now I am in the savings department and am learning all about it. When I have learned it I shall go back to China and work in some bank if possible."

"What do you think of America and American girls?" she was asked. Miss Koo's laugh rippled out.

"I think your women are wonderful. They have more freedom here than we do in China. But of the young girls, the ones you call the flappers, I think—yes, I think maybe they are a bit frank in their dress. They dress for the street like they would go to a party. But you have wonderfully smart girls here and they are good in business."

"Mostly I like the American girls very much. It is only the too frank ones that I do not like so well. I can feel they sometimes have rather shocked me until I became more used to them."

"In the port cities of China today girls are allowed more freedom than they used to have. I have four brothers, but I was permitted to walk out alone when I desired to go shopping. In the interior it is not so. There the girls have little freedom of action."

PROPERTY TRANSFERS.

mall street. Consideration, \$900. W. P. Reid from J. W. Daniel and wife, 60 feet on Worsham street. Consideration, \$800.

Negroes In Jail On Housebreaking and Theft Charge

Nothing comes before the law. John Williams, colored, is in jail charged with housebreaking. This morning news reached him that his mother was dead. His brother brought the news and approached the mayor with a view to getting John out of jail because of his mother's death. There was nothing doing unless a \$1,000 bond was put up and the Williams could not raise this amount and John was forced to remain in jail.

However, on the other hand, Williams is wholly to blame. On last Friday night, while his mother was in a dying condition, he and Dan White alias Wood broke into the new Gwynn apartments at the corner of Main and Broad streets and stole five pairs of overalls and some tools. They also visited Mount Vernon church, and although they did not have to break in, they took several buckets of paint and other articles. The two negroes had stopped on the porch of the unoccupied apartment and of the rain. While standing there waiting for the downpour to cease, their optics casually fell upon a window. They peered in, saw the workmen's overalls and tools and could not resist the temptation to break in. One broke the glass, hoisted the window and they crept in. Their presence was unknown for several days. Neither could be located. John's mother died. The family tried to find him but to no avail. Finally Police Detective J. C. Lewis arrested him at a house back of South Main street. The stolen articles were found concealed under the door. White was also soon found and now both are in jail pending a hearing. They will be tried one day next week.

Carolina Acreage Heavily Increased

M. O. Nelson prominent Danville warehouseman has returned from Whiteville, S. C., where he is operating an auction house during the early part of the season. Mr. Nelson reports the first crop of tobacco ever remembered in that section and the largest one as well. He estimates the increase on acreage of tobacco at fully 33-35 per cent around Whiteville and he believes that these figures will apply generally wherever the boll weevil has done damage. Farmers realizing the futility of raising cotton only to be destroyed by the insect have turned their attention exclusively to tobacco and this is responsible for the large number of plants set out. Mr. Nelson said that at Whiteville it would be impossible to handle the crop in the territory which usually supplies that market. Auction men were in fine spirits he reports and are looking for a successful year.

Returning to Danville the warehouseman was impressed by the great improvement of the crop in this section a result of the rains which have fallen since he left from Roxboro, N. C., down to South Carolina. The crop appears to be uniformly good.

Petersburg Team Suspends Two Men

PETERSBURG, July 21.—Outfielder Hall and Pitcher Herbert Miller, have been suspended by Petersburg Manager Webster of the Petersburg Virginia League baseball club for violating their contract. Hall was fined \$150 and suspended for 45 days while Miller drew a \$50 penalty and a five day suspension. The suspension will keep Hall out of the line-up for the remainder of the season. Both players were penalized for disorderly conduct off the field, spectators.

no charges against the men were given out.

Hall was one of the local club's leading batters and his loss will further handicap the already crippled Goobers.

Outfielder Tom Miller, who was injured several days ago has been released. Miller's injury will keep him from playing the remainder of the season.

Negro Held On Serious Charge

John Beatty, colored, is being held in jail on a serious charge, which, on conviction, is punishable by death or life imprisonment. The negro was arrested last night by the police on a charge of making a criminal attack after an investigation of several days. He will be given a preliminary hearing in the police court on next Tuesday. The girl in the case is Lucinda Kirby, colored, age 13. She talked freely with the police but Beatty remains somewhat silent on the charge him. The arrest was made by Police Sergeant H. T. Haraway and Officers Ira Harris and L. O. Belton.

FUNERAL OF MRS. GEORGIA DICKENSON HELD YESTERDAY

The funeral services of Miss Georgia E. Dickerson were conducted from her late home on Baltimore avenue at Schofield yesterday afternoon at 3 o'clock by Rev. L. P. McCulluch. The pall-bearers were W. T. Clark, H. B. Hundley, J. V. Win, R. P. Hooker and J. P. Lewis. The flower bearers were Misses Katharine Lewis, Lillian Ashworth, Hattie Faggs, Lillie Burton, Hattie Childress and others. Interment was made in Mt. View cemetery.

NEXT WEEK'S WEATHER (Special to The Bee.) RICHMOND, Va., July 21.—Warm and generally fair with possibility of widely scattered local thundershowers.

HOW TO BE HAPPY THOUGH MARRIED

BY DORIS BLAKE.

PARENTS LET THEIR CHILDREN HAVE THEIR RIGHTS.

In spite of all the criticism of the undue freedom of the young women of this age, of their irreverent attitude towards parents, of their language and their habits, there still remains a goodly number who are unable and not even anxious to attain this light emancipation.

Havelock Ellis says: "For the majority, even though they are workers, the anciently subtle ties of the home are still, as they should be, an element of natural piety, and, also, as they should not be, clinging fetters which impede individuality and destroy personal initiative."

I disagree that the majority suffers the clinging fetters. But from observation and the confidences which have been made to me by young correspondents, and correspondents no longer young and disappointed with life, I am forced to believe there is a great deal of unhappiness caused by parents who refuse to believe that their children have any adult rights of their own.

There are parents, some deeply attached to their children, who refuse to admit of their being anything but children even when they are grown up. They wield parental power and authority to the point of expecting them to remain on in the home beyond the time when, according to nature's ruling, they should be about the business of setting up homes of their own.

Havelock Ellis rightly says: "All sorts of evils tend to ensue. The parents often take as their moral right the services which should only be accepted, if accepted at all, as the offering of love and gratitude and even reach a degree of domineering selfishness in which they refuse to believe that their children have any adult rights of their own, absorbing and drying up that physical and spiritual life blood of their offspring which is the parents' part in nature to feed. If the children are willing, there is nothing to mitigate this process; if they are unwilling, the result is often a disastrous conflict."

Time upon number the disasters have been revealed to me in the heartbroken letters from daughters who have been made to sacrifice all hope of marriage through a parent's usually a mother's selfish and arrogant interference.

Young girls tell me that, after working hard all day and turning over every cent of their earnings, except perhaps a meager allowance held out for carfare and luncheon, they are refused permission to join young companions in any form of merry making. You initiated into the confidences of youth would not believe how often this problem is presented in my mail.

Their time and energy are never for a moment considered their own. Their tastes are criticized and their young hopes crushed. Their normal longings for male companionship, in some still full instances, is deemed almost pernicious.

The education of parents on their relation to the child deserves more consideration. Among trees and birds and beasts there is never any sacrifice of the offspring to the well being of the parents. When sacrifice is called for it is the parents who are sacrificed to the offspring.

At a certain stage in the development of the child the physical tie with the parent is severed. At later stages in development it is essential that the young be allowed to spread their own wings, fortified against dangers and risks, of course, and to face the world and to assume the full function of life as the parents have done before them. The great burden of reproduction does not end with one generation.

The wise parent realizes that parentage exists in order to equip children for life and not to strangle the life and instinct to carry on the work for which marriage was instituted.

Varicolored Polka Dots

Polka dots, or shower dots, are coming into their own. Instead of having the polka dots one color—you can have them varicolored—pink, blue, yellow and lavender mixed. Polka dots take to pleats well—and that is why they should be used on styles like the dress sketched above. It has a pleated blouse, a pleated ruffle around the neck and a pleated insert around the waist.

Announcement

THE STUDEBAKER CORPORATION OF AMERICA is pleased to announce to its customers, friends, and the public generally, its complete line of new

1924 Model Studebaker Cars

Avoiding the superlatives frequently used in automobile advertisements, the Corporation desires to faithfully state the facts concerning these cars and the reasons why the public should buy them.

THE CARS

In design, quality of materials, standard of workmanship, durability, refinements, performance, freedom from repairs, and price, the Studebaker 1924 Model Cars are distinctly the greatest intrinsic values the Corporation has ever offered.

Every improvement the safety and practicability of which have been verified by engineering tests embodied in these new cars.

The Big-Six

THE BIG-SIX LINE comprises four models, mounted on the standard 126-inch chassis with 60 H.P. 3 1/2 x 5 inch motor:

7-passenger Touring Car - \$1750	5-passenger Coupe - \$2550
5-passenger Speedster - \$1835	5-passenger Sedan - \$2750

all prices f. o. b. factory

Refinements and a few minor mechanical changes have been made in the Big-Six, which has established an enviable record for five years. Our large production accounts for its low price. It is a car of the highest grade, comparable to the best.

The Special-Six

THE SPECIAL-SIX LINE comprises four models mounted on the standard 119-inch chassis with 50 H.P. 3 1/2 x 5 inch motor:

2-passenger Roadster - \$1325	5-passenger Coupe - \$1975
5-passenger Touring Car - \$1350	5-passenger Sedan - \$2050

all prices f. o. b. factory

Radiator, hood, cowl, and body changes have been made in the Special-Six, with minor mechanical changes and refinements in the chassis. The Special-Six has for five successive years added luster to the name STUDEBAKER. It is one of the most satisfactory and finest cars on the market. It is as good in every respect as the Big-Six, except that it is smaller, and costs less to produce, and therefore sells for less.

The Light-Six

THE LIGHT-SIX LINE comprises four models, mounted on the standard 112-inch chassis with 40 H.P. 3 1/2 x 4 1/2 inch motor:

3-passenger Roadster - \$975	2-pass. Coupe-Roadster - \$1225
5-passenger Touring Car - \$995	5-passenger Sedan - \$1550

all prices f. o. b. factory

No body or mechanical changes except refinements have been made in the Light-Six. Over 130,000 Light-Sixes have been produced in the new, modern \$30,000,000 Studebaker plant at South Bend, Indiana, under most economical and

THE REASONS WHY

With \$90,000,000 of actual net assets and \$45,000,000 invested in plants, Studebaker has ample physical facilities to manufacture most economically.

Studebaker's organization of manufacturing executives, engineers, metallurgists, chemists, inspectors, and skilled mechanics is second to none in the industry. The design of Studebaker cars and the workmanship upon them conform to the highest principles of engineering standards and mechanical practice known to the industry.

Best of Materials Used

Studebaker cars contain the finest known grades of iron, steel, aluminum, tires, electrical equipment, glass, bearings, etc. No better materials for automobile manufacture exist. Sheet aluminum has but one-third the tensile strength of sheet steel, and consequently, Studebaker uses sheet steel for its bodies.

By the manufacture of drop forgings, castings, stampings and the machining, assembling and finishing of motors, axles, frames, transmissions, bodies, tops, etc., and the consequent elimination of middlemen's profits, coupled with lower overhead factory costs per car arising from quantity production and low commercial expenses, Studebaker's costs are kept at an economically low point possible of attainment only by manufacturers with vast physical and financial resources.

Bodies Unexcelled

The bodies of Studebaker cars are not excelled in quality of materials and craftsmanship by any cars on the market. The Coupe and Sedan closed bodies are magnificent examples of the coach builder's art.

Merit Wins

The sales of Studebaker cars for the past six years have shown each and every year a progressive increase. 81,860 cars were sold in the first six months of 1923 as against 60,053 for the same period last year. Only products of merit can make such growth.

The Studebaker Corporation of America

A. R. Erskine, President

Wilson-Meade Motor Company

National League

(By The Associated Press)
BROOKLYN, July 20.—Cincinnati, unchained, defeated Brooklyn 11 to 4, and making the series stand 1 to 1 in favor of the Reds. Rubeck had poor support. Rubeck kept the locals hit well scattered until the 10th when the Dodgers fumbled four singles with a pass and an error for three runs. Caveney hit a home run in the 10th when the Reds scored six runs.
Score by innings: R. H. E.
Cincinnati 000 000 000—6 3 1
Brooklyn 000 000 000—4 14 1
Caveney and Hargrave; Rubeck, catcher and Taylor, Lebecky.

GIANTS 10; ST. LOUIS 9.
(By The Associated Press)
NEW YORK, July 20.—The New York Giants made a spirited late inning rally here today and won the third game of their series from St. Louis 10 to 9. The Giants, seven runs behind when they went to bat in sixth inning, drove out Toney and scored six runs. Stuart, a young college man then held the Giants until the 9th when New York scored 2 runs. Ansmuth and Smith each hit home runs for the Cardinals early in the game with 2 runners on base, giving St. Louis its early big lead.
St. Louis 000 010 020—9 12 2
New York 000 000 000—10 13 2
Toney, Stuart and Ansmuth; Clemmons, Scott, Ryan, McQuillen and Snyder.

Kinks o' the Kinks

Player drives a long ball from the tee. Hard rains had rendered some of the fairways rather muddy. A certain improvement had just been completed. A cow grazing on the course tramples on the ball and it becomes embedded in the hoof of the cow. For a time the ball could not be found, but was later discovered close by the cow which had shifted its grazing territory. Must the ball be played from where found or where it was apparent that it first came to rest? The ball for the tee? If the ball has been rendered unfit for play because of the happening, must the player continue to use that ball or has he the right to drop a new one?

This rather unusual happening is covered by section 3 of rule 17, which states if a ball at rest be displaced by any agency outside the match, except wind, the player shall drop the ball as near as possible to where it lay without penalty. In this case the cow must be considered an outside agency. If the ball has been rendered unfit for play because the cow trampled on it, the player has a right to drop another ball.

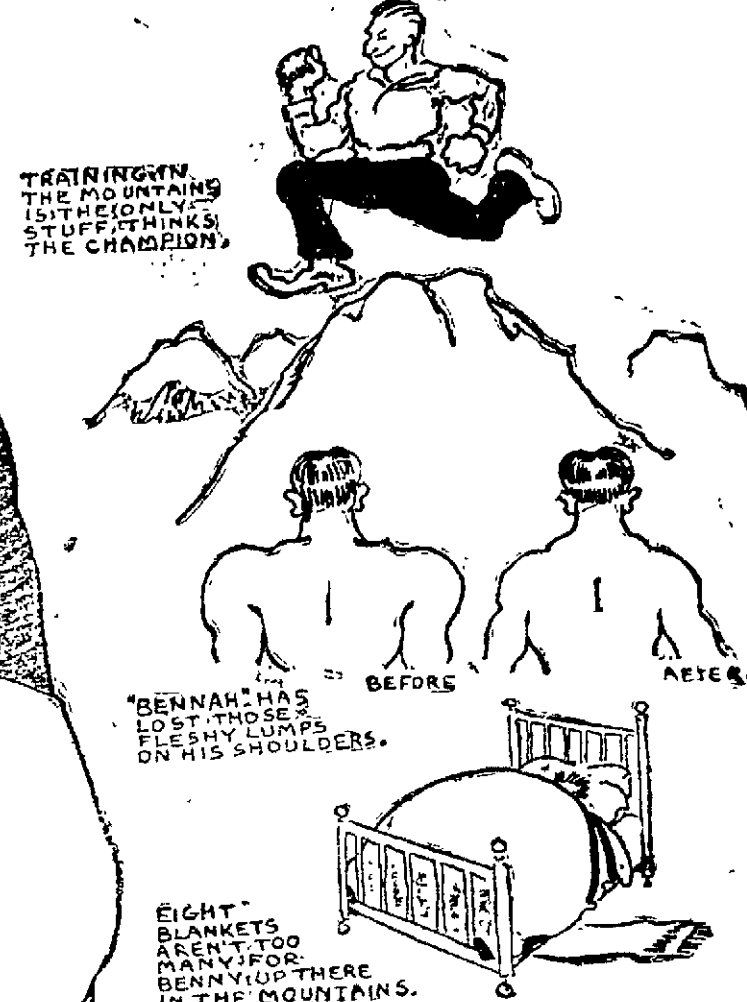

When the balls lie within a club length of each other through the green or in a hazard, the ball lying nearest the hole is to be played. If the ball of either the player or the opponent, be lifted until the other ball is played, and shall then be replaced as near as possible to the place where it lay.

Workmen making some repairs on the fairway have removed their coats which are lying on the ground near the section under repair. A player drives the ball from the tee and it comes to rest in the pocket of one of the workmen's coat. One player contended that the ball must be driven from the pocket, the location of it being apparent, unless the other player wanted to lift the ball and suffer a stroke penalty. The player who had driven the ball from the tee insisted that he had a right to lift the ball and drop it without penalty. Who is right?

The player had a perfect right to lift the ball from the pocket of the coat and drop it without penalty. The rule covering this phase of play says: "A ball lying on or touching clothes on ground under repair may be lifted and dropped without penalty as near as possible to the place where it lay, but not nearer the hole."

GERMAN MEETING TO CONSIDER PASSIVE RESISTANCE.
DUSSELDORF, July 20.—Posters calling a meeting of German railway workers on Saturday to consider the abandonment of passive resistance appeared in all parts of Dusseldorf today.
The posters said that the cost of living was increasing to such an extent that it is impossible to continue a quest of time until the resistance is dropped altogether. Permission was given railway men to use a theatre building for the meeting.
The Germans generally attribute the posters to the French, but the French authorities deny that they have any connection with the move. If the posters are bona fide they are the first indication of any sort that the railwaymen are even contemplating slackening their resistance.

Piercy and Pritchett; Walters, T. Bainsworth, Leverette and Schalk, Graham.

WASHINGTON 12; CLEVELAND 5.

(By The Associated Press)
CLEVELAND, Ohio, July 20.—Washington and Cleveland took advantage of an off day to play off a postponed game which the visitors won, 12 to 5, by timely hitting coupled with the Indians' poor fielding. Speaker and Rubeck hit home runs, Speaker and Rubeck hit home runs, Speaker and Rubeck hit home runs.
Score by innings: R. H. E.
Washington 000 300 070—12 20 0
Cleveland 000 000 000—5 12 4
Zachary and Ruel; Chie, Boone, Shantz and O'Neill.

Pointers Easily Defeat Capitals

HIGH POINT, July 20.—The Furniture Makers strengthened their lead in the pennant race by routing the Capitals by the score of 14 to 5. It was a slugfest for both teams, with the locals having the edge over the visitors. High Point secured a total of twenty singles off two Raleigh twirlers. They had their fat knives in the third, sending eleven men across the rubber and making an additional four in the fourth. Every member of the local club got at least one hit. Herndon getting four out of five and Irby and Thrasher were homers. The visitors had five errors chalked up against them. The box score follows:

Winston-Salem Wins Over Bulls

DURHAM, July 20.—Winston-Salem defeated Durham here this afternoon by the score of 8 to 5. Both teams hit the ball hard, the Twins registering fourteen hits and the locals a dozen bangles. Neither team hit the ball as opportunely as they should have. Winston having ten men stranded on the sacks and the locals thirteen. Hamby hit a thousand getting four out of as many times up. Gooch got four out of five. Clarke, Black and Benson also hit well. Since the release of Manager Leard Fuhrey in piloting the team, The box score of the game follows:

NEW RECORD MADE.

(By The Associated Press)
FINDLAY, Ohio, July 20.—Chesley H. Seary, a boy owned by Roscoe C. Seary of Louisville, Ky., and driven by Harry Stokes, established a new world's record for 3 year old pacers over a half mile track here at the Short ship circuit meet by stepping a mile in 2:07 1-4. The former record of 2:09 held by William, 1:58 1-4 was made in 1912 over an Illinois oval, it was alleged.

GIRLS' SUMMER CAMPS

BY JANE DEETER RIPPIN
National Director, Girl Scouts
Camp Furniture

WHEN you get out in the woods to enjoy the freedom and unconventionality of camp life, you will find great fun in leaving behind as much of the atmosphere of "civilization" as you possibly can. This applies particularly to camp furniture. Easy chairs do not harmonize with an outdoor camp. Girls who want to enjoy camp life to the full make their own camp furniture. Did you ever hear of a "camp pig" or a "camp cow"? They are made of branches whittled to a point and driven into holes which have been bored in the log. Afterward drive a nail into the side at each leg in order to hold it into place. The bark may or may not be peeled off, just as you like. It looks more rustic if you leave it on. This sort of camp furniture is called a "pig" because it looks as if it were the body of a fat and round pig, as if it could waddle off at any minute.

Tobaccoists Run Away With Greensboro 11 to 1

Wilson Twirls Good Game While Jackson Is Hammered Hard

Murphyites Smash Out Five
Homers — Regan Steals
Three Bases — Carroll
Pulls "Boner"

The fans—some 800 of 'em—went to Stonewall Jackson Park yesterday to satisfy their thirst for excitement. They were not disappointed. However, it happened just a little differently than had been expected. Because of the intense excitement engendered by the raw deal tendered the local team in Greensboro Thursday by umpires and policemen, it was expected that the game would be a lot of razzing. However, the crowd was very orderly and little harsh talk was indulged in except when Carroll pulled his magnificent home run to score from second on an infield fly, with only one man down. His aberration led to a double play by Murphy, unassisted.

A beautiful double steal was staged by Regan and Resco in the first inning. Regan had gotten on on a sacrifice bunt and Resco was walking. The signal was put on and both men got a big lead. The pitched ball was just a little wide and Pierre hesitated a moment, started to throw and saw it was too late, so he held the ball. Had he thrown to either base it would have been a double. Regan would have been the batting hero of the game, getting two home runs and two singles in five times at the bat. His one out was a long fly to Shay in centerfield. One of Smith's singles hit the "General" sign over the score board.

It was a home run day as far as Danville was concerned. Lefty Wilson, who hurled splendid ball, with only a slight wobble in the second, got one home run, a long drive to extreme left that knocked a youngster over the fence. Regan also hit one over the garden fence as did Murphy.

One of the most sensational catches seen here this year was that of Regan in the third inning when he raced across the field to the score board and took Magrann's drive. The ball was caught on the fly and in nine cases of ten would have gone for a hit. Regan also did some splendid base running, pilfering three bases. Murphy's playing at third yesterday was another feature of the game. The manager had seen that the two batters would be hard, but on both these moves the chances were hard.

In every inning but one the local lads scored. At least one hit was made in every inning and not more than two in any one, except in the second, in which two were scored in any one inning. It was a slow, steady and persistent fight that Danville put up to win. The players fought in every frame and every frame saw the result of the bull-dog tenacity of the Murphyites.

Greensboro players on the other hand went into the game palpably nervous. It is too much to expect that their consciences were troubling them, but whatever it was they maintained a meek and lowly aspect throughout the game. Carroll tried none of his magnificent moves and all were discreet of tongue and action.

It might be stated here that Danville fans consider Carroll's team the most unorthodox team in the league. This is putting it mildly, but to keep the records straight, Carroll is held responsible, the main for the ill repute in which his team is held. The visitors lone run came in the second frame, the only one in which Wilson was not master of the moment. After fanning Conley, Cox was

Greensboro..... 010 000 0—1
Danville..... 221 021 120—11

Summary
Stolen bases: Regan (3), Overton, Resco. Sacrifice hits: Murphy, Cochlin. Two-base hits: Trexler, Dorman, Carroll, Harris. Home runs: Smith, Regan, Resco, Wilson. Double plays: Murphy (unassisted). Struck out by: Wilson 2, Jackson 3. Bases on balls off: Jackson 6. Hit by pitched ball: Overton and Wilson by heavy ball. Left on bases: Danville 3, Greensboro 4. Earned runs: Danville 9; Greensboro 0. First base on errors: Danville 3, Greensboro 4. Time of game: 1:40. Umpires: Ferguson and McDonald. Attendance: 1,300.

safe on Resco's error, a hard drive but one that should have been handled. Carroll then singled and Harris followed with a double and Cox scored. No more did the visitors threaten. As has been said Danville's runs came slowly but steadily in the first two runs were made. Overton was walked and stole second. He scored on Trexler's double. Trexler scored on Smith's single. In the second two more runs were scored. It was in this frame that Wilson mistook a local lad on the fence in left field for a third baseman and proceeded to throw the ball at him. It was a beautiful drive, clipping the youth off the boards with nicety and precision. It is understood that the boy was not badly hurt.

In the third Regan's homer was the only tally score. The fourth Danville came back in the fifth and scored two more runs. Smith led off with his first circuit drive. Regan followed and obtained a single. Resco was walked, but not before Regan had stolen second. Regan's sacrifice bunt brought him to third base. In the sixth Smith knocked another homer. In the seventh a single by Murphy and Magrann's wild throw counted for another run. In the eighth Danville scored three runs. Regan and Resco scored ahead of Murphy, who knocked the ball over the fence.

Danville secured 11 hits yesterday for 28 total bases, some record it might be stated. Five homers in one game happens infrequently in any league.

It will be noticed in the box score that the visitors are only credited with 23 putouts in eight innings of play. One of the outs was an infield fly, lifted by Trexler in the second inning.

"Pop" Geers Drove My Rose Bud To An Easy Victory

(By Chicago Tribune Service.)

KALAMAZOO, July 20.—The greatest free for all trot ever staged at Recreation Park resulting in the fastest heats ever trotted over a Michigan track, was raced today. The time for the three miles was 2:02, 3-4, 2:02, 3-4 and 2:03, 1-4.

Great Voio, son of Peter the Great and driven by Walter R. Cox, won the first and third heats in contests with Peter the Great, piloted by Egan. Peter the Great, took the second heat. Each mile was a fight from wire to wire, the field of seven racing in a mass. A popular victory occurred in the 2:03 trot when "Pop" Geers drove My Rose Bud home an easy winner in straight heats. The 2:04 pace went into four heats when Logan Hedgewood, Peter Etawab and Lillian Silkwood, each won a heat. The extra heat, deciding the race winner resulted in a victory for Lillian Silkwood. The 2:15 pace was won by Quinia after Little George captured the first heat. There were only four starters.

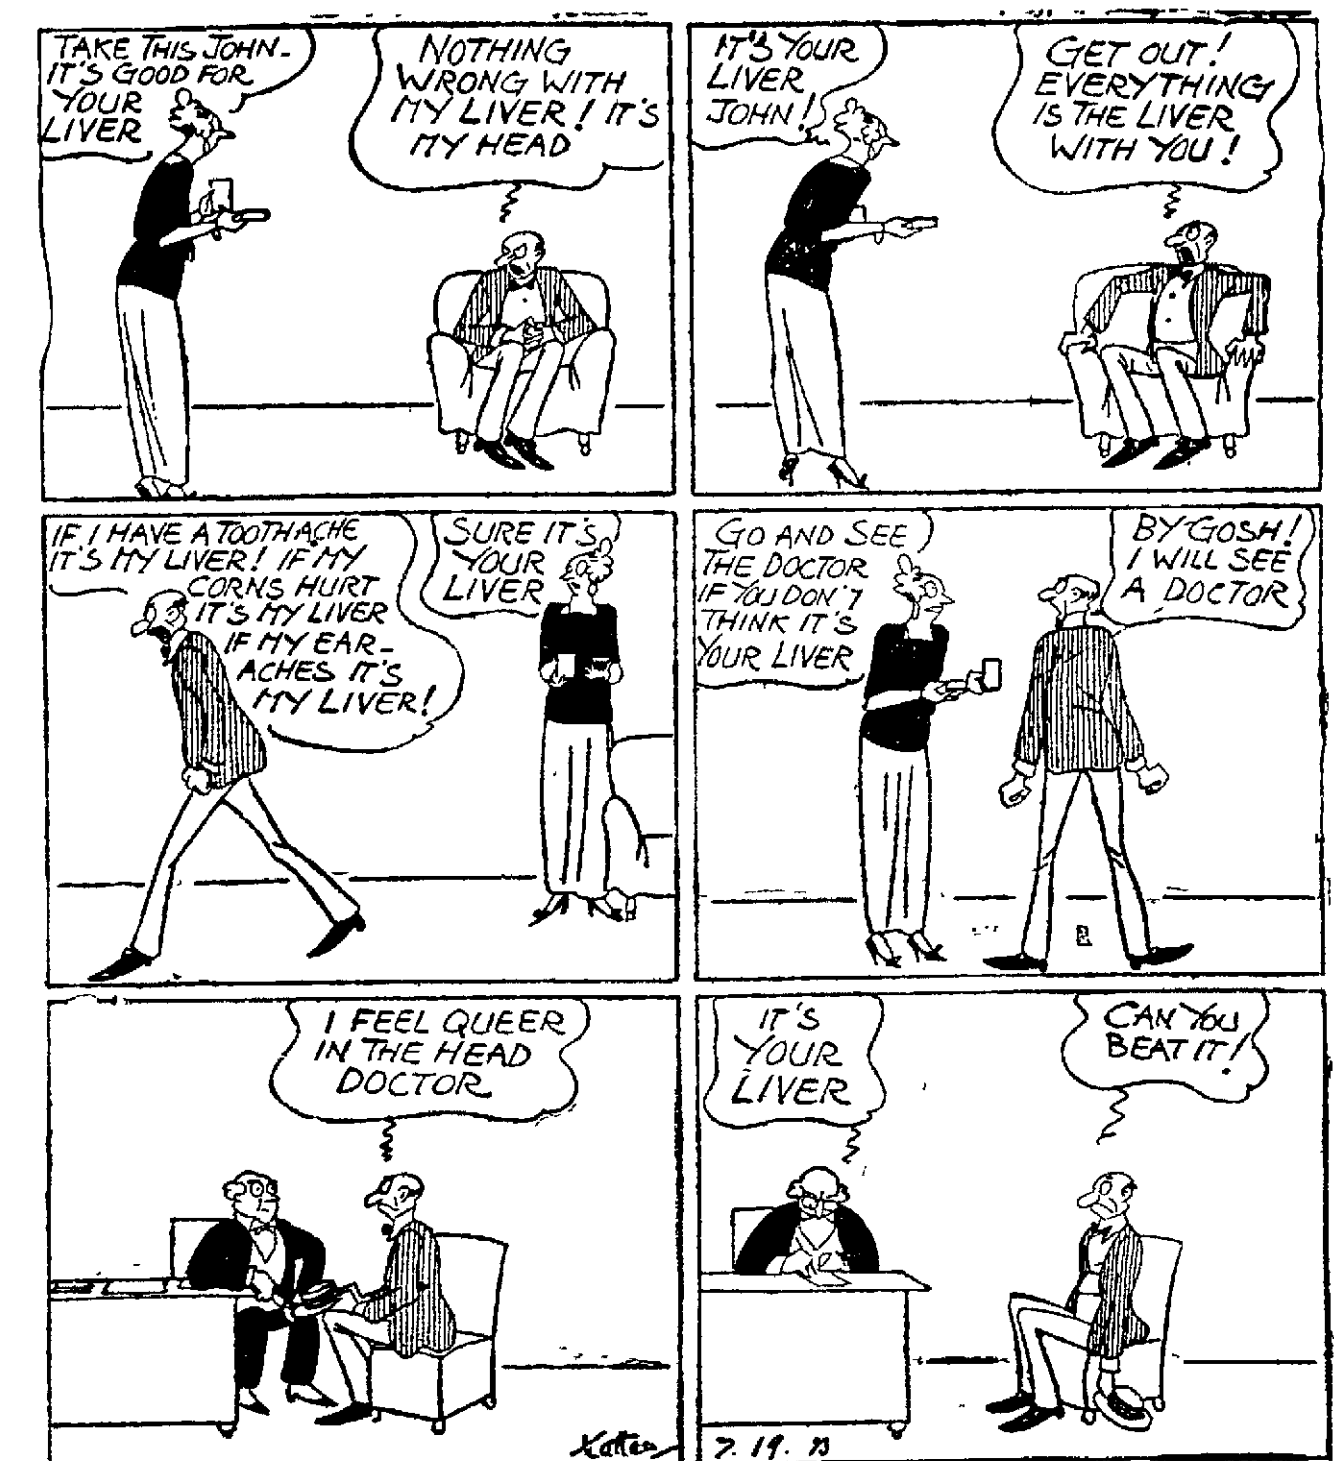

Kearns Wants Half Millions for Dempsey to Fight Wills

(Special.)—Jack expected to prosper. But there is a Kearns, pilot of Jack Dempsey, int. limit.

Tom O'Rourke, veteran Gotham fight manager and promoter, says that he is through with huge guarantees to fighters. Tom has been connected with the ring sport for some thirty to forty years, yet he has learned something new pertaining to the sport. He gathered this information a while ago, for he and his backers dropped more than \$50,000 on the Kilbane-Craig bout and another \$20,000 on the Villa-Wilde promotion.

Tom swears that all champions, near-champs, and prize boys will have to gamble on a percentage basis if they are to do business with him. Maybe Tom can get Jim Johnston of Shelby to join the ranks of the percentage promoters. O'Rourke and his backers secured the Polo grounds to run in opposition to Tex Rickard, the world's greatest ring showman. Tex sat in seclusion and let Tom spread his stuff. As a result, Rickard is laughing up his sleeve, for he is still holding what he had, while Tom and the Montana promoters are moaning, sadder but wiser, over flattened pocketbooks.

CAN YOU BEAT IT! Copyright, 1923, by Maurice Ketten

Fistic Chatter for the Fans

(By The Associated Press.)

NEW YORK, July 20.—Followers of both Benny Leonard, champion, and Lew Tendler, Philadelphia challenger, predicts that their fight next Monday night at the Yankee stadium for the world's light weight title will end in a knockout.

Tendler's southpaw punch, the blow that had Leonard back on his heels in their battle at Boyle's thirty acres a year ago, is working to perfection, according to advices from the challenger's training camp at Delancon, N. Y. He is confident it will bring him this long sought goal, the light-weight throne.

Leonard, however, at his quarters in Tannersville, N. Y., believes he had perfected a style of battle called "The Offense" Tendler's portside advantage. He has trained daily for a month with four hands. The champion declared today he was in the best condition of his career and while he expects a stiff fight, expressed confidence in his condition and will end his training grind tomorrow and return to New York.

FIRPO READY TO FIGHT

IN NORTH OR SOUTH AMERICA

(By The Associated Press.)

BOSTON, July 20.—Luis Angel Firpo, former Argentine druggist, today admitted that it was all the same to him whether he met "Tiger Jack" Dempsey in Buenos Aires or somewhere in the United States, would he rather fight in South America, he was asked. Through his interpreter and manager, Carlos C. Vega, he replied: "I would fight anywhere. Whatever Rickard says is all right for me." "Of course," added Vega hastily, "nothing has been done as yet, no arrangements have been completed."

BOWMAN WINS MEET
(By The Associated Press.)
SYRACUSE, N. Y., July 20.—Herbert L. Bowman, of New York City, won the New York state championship for the second consecutive session here today by winning from John E. Howard of Baltimore, in the final round of the tournament, 6-4, 1-6, 6-2, 4-6, 8-6.

CHAPLAINS BE CALLED TO DUTY

(By Chicago Tribune Service.)

WASHINGTON, July 20.—Secretary Weeks announced today that with their consent, 61 chaplains who are members of the officers reserve corps would be called for active duty at summer training camps. Instructions to camp commanders direct that a chaplain's office be established in each camp and that lectures and other work be undertaken by the chaplains in connection with training programs "for the promotion of high moral standards." The chaplains, who represent various denominations are directed to co-operate with welfare agencies in maintaining "home contacts for the troops."

It was strange to find Benny in a huff, but he gave every evidence that he was on edge for this big scrap, and his trainers are tickled thereat. They figure the champion never before showed so much determination to whip an opponent. This time Leonard has his heart set to beat the side winding Hebrew Quaker and from all appearances he is apt to be successful.

The first thing we noticed in the course of Benny's tricks was that they were feeding the champion with left handed hitters. Tendler is one of those folk side fellows, and Benny insists upon getting familiar with that kind of stuff before he is compelled to meet it again in a real battle against Tendler.

South paw after southpaw was hurled into annoy Leonard. There wasn't much chance play attached to these boxing exhibitions. Mannie Seash, trainer and manager for the champion, stood at the edge of the ring and continually yelled instructions to the sparring mates to close their fists and fire.

Leonard is working like a real artist, shooting straight and accurate. We don't remember ever seeing Benny hitting any harder than he is in this period of preliminary work. Usually most lenient, this time he is banging away, knocking them over as fast as they come up.

The champion went eight rounds this afternoon against a quartette of sparring partners, all left handers. Johnny Martin, who fought Lew Tendler on several occasions, was a chief aid to Benny. Also there was Sammy Byrne, another rugged and promising lightweight.

Outside of the fact that Benny is somewhat irritable as the battle approaches, he looks to be in great shape. The fact that he wore a double wrap and worked out under a blazing sun made it appear the champion was somewhat heavy, but he told us he was all set for the poundage required.

Nathan Straus, merchant and philanthropist, motored over today to see the champion go through his paces.

SHELBY DROPPED ONLY \$62,000

OMAHA, Neb., July 20.—Mike Collins, St. Louis matchmaker for the Gibbons-Dempsey heavyweight championship fight at Shelby, Mont., in an interview with an Omaha World-Herald reporter here today, was quoted as declaring that citizens of Shelby lost "less than \$62,000 all told" in connection with promotion of the Gibbons-Dempsey affair.

"Don't let anybody tell you that Shelby citizens or anybody else lost a hundred thousand dollars or more," he said. Collins, who is here in the interest of Jimmy Delaney, St. Paul fighter, added that Tommy Gibbons made \$23,000 from the Shelby battle.

FIGHT BEING SOUGHT.

ASHEVILLE, N. C., July 20.—Through his manager, Charlie Cooke, Floyd Johnson is attempting to arrange a bout between himself and Luis Angel Firpo, according to a statement made here tonight by the Iowa fighter who was knocked out recently by Jess Willard. Johnson wants the fight to be held between August 15 and Labor Day. Johnson in company with his brother, John, is here visiting relatives.

Grandstand Gaff

Charlie Carroll pulled such a boner several Danville fans felt sorry for him. That it must have been a "super boner" to create sympathy in this town for Charlie is evident following his actions of Thursday.

That the "Patriots" are the least bit "patriotic" was also evident, they "took" Thursday and were "taken" yesterday, but the umpires failed to "take" part in the proceedings further than they Danville players on their gallops around the paths to see if any springing records were broken. None were broken however, for generally they "took it slow and easy," while some youngster the Elks overlooked was wending his way towards the gate with the ball that disappeared over the fence.

The Elks took in 500 boys and five more were brought in by Wilson, Smith, Regan and Murphy. The first 500 admissions brought joy to the boys, but the last five brought joy to the boys and 800 others, and gloom to the "peppery Patriots."

"Lefty" Wilson had the visitors looking helpless with the stuff that came from the fork side of the mound "Shay the Shy," Carroll's prince of princes failed to even "hit" the dirt here and Ferguson did not overlook anything. In addition to hurling superb ball "Lefty" wanted a little "Huckleberry Finn" on the fence to get a better view of the game and knocked him off trying to give him a pass in the gate.

Ted Smith was the worst enemy of Jerry Jackson, connecting for two circuit clouts and an equal number of singles, one of which bumped the sign high over the scoreboard in right.

Eddie Regan had a great day, perchance, because of the boys who are his unwavering slaves. The Streak made a sensational running catch in right, swiped three sacks from the harmless "defenders of liberty," and banged out two hits, one for every base on the diamond.

Bill Pierre's once-famous whip had the appearance of a 13-year-old throwing at the carnival "cats." Five bases were pilfered off his mighty arm, one a double steal by George Resco and Regan.

The attack of a Greensboro sport writer on Herb Murphy and Freddie Dorman over Thursday's affair probably to influence Mr. Bramham, is further evidence of the sportsmanship displayed in the "oracle of liberty." In connection with his reference to Dorman's "cowardly and disgraceful attack" and "Professor Murphy's hot head," the state's state that Dorman should be barred from the league he might take note of the fact that the ladies of Danville have more respect for the gentlemanly qualities of Murphy and Dorman on the playing field and elsewhere than the most rabid sport writer in Greensboro has for anything that has ever denoted a "patriotic" uniform.

The announcement that Owner-Manager Herb Murphy has tied up Bill Leard, former Twin pilot and second-sacker, is gratifying to Dan-

ville fandon. With the announcement comes the statement that no players will be released as the move was taken to brace the club against possible mishaps. Leard is an excellent performer on the diamond, and one of the headiest insiders in the circuit. Murphy is to be congratulated on his acquisition.

The Pointers easily trounced Raleigh. Herndon celebrated his recent return to the game by hitting four out of five, while Thrasher laid two over the palings. Carr Smith also slammed one out for the circuit.

The Twins with Mike Fehrely in charge again gave the Bulls a trimming 8 to 5, Clarke's stick leading the way.

Starting today a box on The Bee's sports page gives the day's home runs in the Piedmont and will enable fans of the city to keep tab on their favorite Babe Rutnam swatters.

Saturday and Greensboro in town—Herb's stadium will be packed like first night with the "Follies," which is a good term for Carroll's club, but not in the sense of Zigfield's aggregation of talent.

DODGE BROTHERS TOURING CAR

In the cool of a Summer morning, it is gratifying to take your seat at the wheel, conscious that the Touring Car will do your bidding faithfully the long day through.

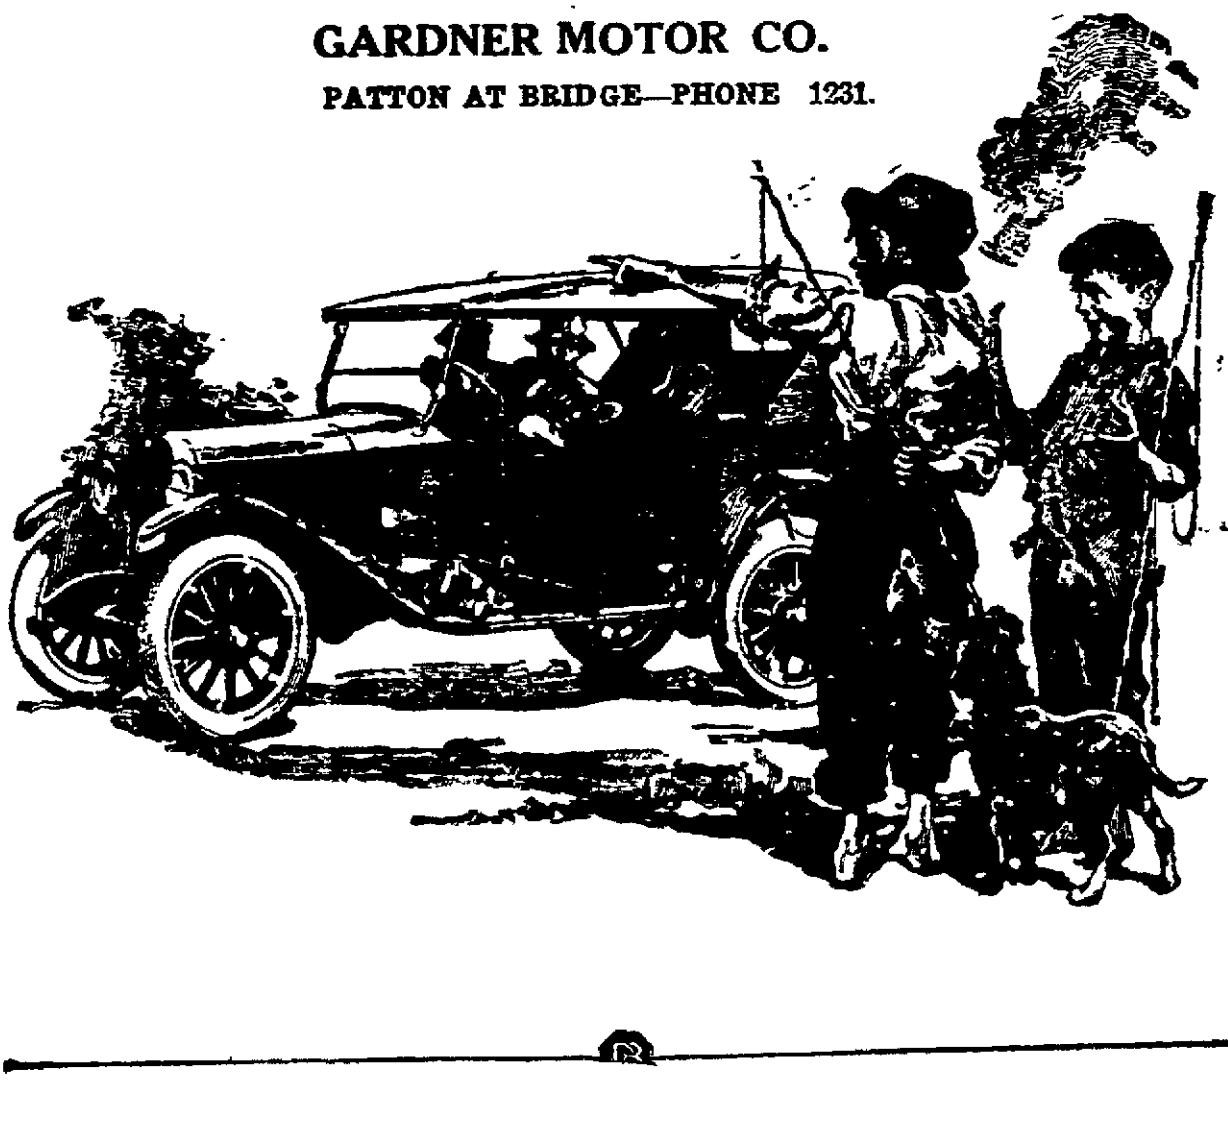

It is that time-tried dependability—so vital to the pleasure and economy of motoring—which, more than any single factor, has endeared Dodge Brothers Touring Car to so many hundreds of thousands of owners.

One-eighth of the total weight of the car consists of chrome vanadium steel. Many more pieces of alloy steel are used in vital parts than normal wear requires.

The price of the Touring Car is \$5600 f. o. b. Detroit—\$5735 delivered.

BANKERS CLOSE THEIR MEETING

(By The Associated Press)
CLEVELAND, Ohio, July 20.—An address by former secretary of agriculture, E. T. Meredith, of Des Moines, Iowa, the election of officers, and the selection of Baltimore for the 1924 convention were the high spots of the closing business sessions of the twenty-first annual convention of the American Institute of Bankers here today. The convention ended with an informal dance tonight.

As was predicted Clarence R. Chaney, of Minneapolis, was elected president and Edwin V. Clark, of San Francisco vice president. Both were nominated without opposition.

Mr. Meredith spoke on agriculture and its relation to other interests. He stated that the recent Minnesota election which has been touched on by several other convention speakers attributing its result to a lack of attention on the part of the public to the problems of the farmer.

I do not believe the farmers of Minnesota are any more radical than the farmers of Ohio, Mr. Meredith said.

"They have the same ideals, aims and ambitions, and they too, this means of showing their displeasure of present high production costs and low returns for their crops."

The bankers were urged to study agriculture and to have a greater interest in the farmers.

Bankers and business men generally are not aware of the effects being made to increase production of crops and livestock through scientific means and to lessen the loss through war waged against these products of various kinds. Mr. Meredith continued.

"The farmer does not always consider what it means to the nation and to finance in particular to have \$250,000,000 of cotton crop against only \$100,000,000 of cotton."

I hope that the government and I hope that the government for such funds will be increased.

FUNERAL OF E. L. MANN
TO BE HELD SUNDAY

PETERSBURG, Va., July 20.—Funeral services for E. L. Mann, 62, of Petersburg, Va., who died here last night, will be held at 10 o'clock Sunday morning at the Methodist church in Matocca.

Mr. Mann was a member of the Petersburg Lodge, No. 1,234, B. P. O. Elks, and the Petersburg Chapter, No. 1,234, O. E. S.

He was born in the Matocca family, which has been prominent in the Petersburg community for many years.

He was a member of the Petersburg chapter of the Knights of the Ku Klux Klan, and was active in its work.

He was a member of the Petersburg chapter of the United Confederate Veterans, and was active in its work.

Disappointing Ring-Fitting Jobs

Piston Rings Are For Packing Round, Smooth Cylinder Bore

NUMEROUS LETTERS have recently come in, relating the woes of correspondents who have just had their engines engaged with new piston-rings or new pistons and rings, in an honest effort to secure better performance and who have been bitterly disappointed upon finding that their engines ran worse, rather than better, after the change. Such complaints as "engine shows low gasoline mileage and has no pep," "cannot start engine with the starter," "engine stalled and couldn't be turned over" have been frequent. Reports like these indicate that there are lots of ill-advised and inferior ring and piston fitting jobs done and that there is much lack of care on the part of users in "working in" when with all its valves seating tightly and plenty of fresh oil on the cylinder-walls, its cylinders will not hold gas reasonably perfectly, when it is under pressure during the performance of the compression stroke. If spark-plugs foul with oil and the oil splash to the cylinder-walls is not excessive, some change in piston-rings is generally called for. The sad part of it all is that the installation of new rings is by no means a sure cure for gas-leaking or oil-pumping cylinders and it is to be regretted that the ability of piston-rings to correct these evils is so greatly overestimated as to cause the fitting of new rings to be recommended when it cannot possibly improve matters greatly. Cylinder bores are assumed to be perfectly smooth and free from scratches and scores, of perfectly circular section and of nearly uniform diameter and with these conditions in view, piston-rings are designed to assume a truly circular shape, when in place. Unfortunately, however, the cylinder bores of engines which have seen very long service, which have been so imperfectly lubricated as to have suffered much cylinder wear or which have been scratched and grooved by running dry or by the displacement of piston-rings, become of irregular elliptical cross section, lack uniformity of diameter and are no longer smooth and circular, so that piston-rings cannot be expected to conform closely to their walls much less to prevent gas and oil movement along scores and grooves in them. All motorists are urged not to go to the expense of fitting new rings, with any confident expectation of satisfactory results, until the cylinder bores of their engines have been pronounced by a competent auto mechanic to be sufficiently free from ovalization and devoid of scores to warrant the operation. If cylinder bores are found seriously imperfect they must be made smooth and true before any new rings or labor are wasted on them.

LIFE OF PISTON RINGS

W. H. C. writes: My car has been run but 7,000 miles in all, but has not been working well of late, two of the cylinders are very weak. The repair-shop people say that my engine needs new rings. Do you think this is likely? How long should piston rings last anyway?

Answer: Your engine should not require new piston rings until it has run at least double the distance you state it has. This is on the assumption, of course, that your engine has first-rate rings in the beginning and that its lubrication has never failed to be adequate. If, when their valves are perfectly tight, the two of your cylinders leak gas, the presumption is that their piston-rings are at fault, but this is not necessarily true if these cylinder bores have become scored. In this latter event the fitting of new rings can hardly be expected to mend matters. You might have

the pistons of the two weak cylinders and their bores inspected and then you can decide what ought to be done. A long set of piston rings should last something we cannot state with any degree of confidence. We have known sets to be working well after 30,000 miles, but this is unusual.

REAR BODY BOLTS LOOSE

R. E. asks: What causes my car to make a loud thump when ever it goes over a bump with nobody in it except me? I don't hear much noise when anyone is in the back seat.

Answer: It may be that some of the rear bolts, which hold the body to the frame, are loose and that, when there is no load in the back seat, the body throws up a little and makes the noise which you speak of. You better go over all these bolts and tighten them securely and also see that the floor boards are screwed down tight, so that they cannot joggle.

I. W. W. INVASION OF PORT ARTHUR COMES TO AN END

(By Chicago Tribune Service)

NEW YORK, July 20.—The I. W. W. invasion of Port Arthur, Texas, has been held up by the movements of the members who would cripple shipping lumber and oil industries, declared Secretary John Shuskie, of the Marine Transport Workers tonight, despite reports from New Orleans that the migration order still is in effect.

A brief demonstration which would not affect New York or other eastern ports may be substituted as a protest against the arrest of the four "woobies" in Texas and the court ban on membership in the I. W. W. in California, he says.

In a writ to the Port Arthur post of the American Legion today, Shuskie, commenting upon the assistance offered to the authorities in their endeavor to uphold the constitutionality of law and order the aims of the legion and those of the I. W. W.

KING SEEKS REDRESS

LONDON, July 21.—George II, king of the Hellenes, representing the Greek government, was plaintiff in an exchange transaction suit filed here recently.

DEATH SENTENCE OF W. C. FARIES WAS AFFIRMED

(By The Associated Press)

COLUMBIA, S. C., July 20.—The State Supreme Court today affirmed the death sentence by the York Circuit court against William C. (Wild Bill) Faries, aged slayer of several members of the Taylor family at Clover, S. C., last year. Under a law passed by the last session of the general assembly, Faries automatically is sentenced to die on the fourth Friday after the handing down of the remittitur which in this case would be August 24. He was convicted specifically of killing Newton Taylor.

TIRES WITH 500 NAIL HOLES LEAK NO AIR

Mr. M. C. Milburn, of Chicago, has invented a new puncture-proof inner tube which, in actual test, was punctured 500 times without the loss of more than the ordinary tube and makes riding a real pleasure. You can write Mr. M. C. Milburn at 333 West 47th St. Chicago, as he wants them introduced everywhere. Wonderful opportunity for agents. If interested write him today.—adv.

GOLF TOURNEY AT DANVILLE GOLF CLUB THIS P. M.

The "Sweepstakes" golf tourney will be held at the Danville Golf Club this afternoon with 24 entrants. The lists were closed last night at 7 o'clock.

The play will medal, two-somes, forming as desired by the players and will be made in three flights. Prizes will be given for the best three players in each flight.

The committee in charge of the tournament follows: D. J. M. Robinson, W. W. Waddill and Bob Hayes.

The entries, with handicaps, follow: First Flight—L. O. Crumpler 12, J. H. Scofield 12, E. R. James 12, J. J. Boatright 12, S. C. Cunningham 12, E. W. Brown 14, J. M. Robinson 16 and E. H. Miller 16. Second Flight—H. R. Fitzgerald 15, L. A. Wilson 16, H. M. Martin 17, W. W. Ayers 17, C. G. Holland 17 and G. Pritchett 17. O. L. Roach 17 and H. C. Leigh 17. Third Flight—J. C. Jordan 17, J. L. Penn 17, C. B. Williams 18, C. B. Davis 18, A. D. Keen 18, F. Van Wageningen 18, Randolph Perkins 19 and R. J. L. Niville 20.

TWO MEN MARRIED WIVES OF OTHER

(By Chicago Tribune Service) NEW YORK, July 20.—A peculiar matrimonial maze, in which two men were divorced, later marrying each other's former wives and as a result of which one is supporting the children of both original unions was revealed in Brooklyn Supreme Court today.

Louis Littowski, asked Justice Cropper for a modification of a provision of a divorce decree granted his former wife eighteen months ago, whereby he was directed to pay her \$6 weekly for the support of their son Irving, now seventeen years old.

Since his wife divorced him, Littowski says in his petition, she has married Max Gross, of unknown address. Likewise, Littowski has remarried. His bride was the former wife of Gross, divorced about the same time.

Gross and his former wife, Littowski said, had three children which he (Littowski) adopted upon marrying the former Mrs. Gross. So now, Littowski complains, he is not only supporting Gross's children, but is contributing \$5 weekly toward the support of the son of the present Mrs. Gross. Littowski's first wife, Littowski says his son is now self-supporting.

Mrs. Littowski-Gross denied her son arranged for the convention.

was self supporting, and said he attended a dental college and needs the \$5 weekly to buy books.

Just as Cropper reserved decision so that he might have opportunity to diagnose the situation.

SNODGRASS IS SINGLES WINNER OVER N. W. NILES

(By The Associated Press) BROOKLYN, Mass., July 20.—Harvey Snodgrass, of Los Angeles, followed up his straight set victory over Lawrence E. Rice, of Boston, with a similar triumph today over Nathaniel W. Niles, Massachusetts singles champion, in the semi-final round of the singles tournament for the Longwood Bowl at the annual lawn tennis matches conducted by the Longwood Cricket Club at the Chestnut Hill courts. Only six games in three sets was Niles able to win from the westerner who has yet to drop a set in the tournament.

Snodgrass, who is making his first appearance on turf Snodgrass tomorrow will meet Richard Norris Williams 2nd, of Bryn Mawr, Pa., in the match that will determine the successor of William T. Tilden 2nd of Philadelphia, as Longwood champion. Williams this afternoon was pressed by Carl Fisher, another Philadelphia, but the former national singles champion had a streak of brilliant tennis left for the fifth set and the final scores were 6-3, 1-6, 4-6, 6-1, the figures in Snodgrass' win over Niles were 6-3, 6-0, 6-3.

The doubles title rests between the teams of youthful stars composed of Arnold W. Jones of Yale and William H. Ingraham of Harvard and in the western pair, Snodgrass and Wallace J. Bates of San Francisco.

W. C. T. U. TO CELEBRATE 50 YEARS OF ENDEAVOR

(By The Associated Press) COLUMBUS, July 20.—All the surviving members of the crusaders of 1874 in the field of temperance or their nearest relatives, will be present at the fiftieth annual convention of the National Women's Temperance Union here September 4 to 14, and arrangements are already on foot to make the event one of historic interest.

The premier spectacle, intended to call to mind the fact that fifty years ago the crusade for temperance was begun, and the success that has attended these efforts, will be the "March of Allegiance to the Constitution," to be held September 8. The early temperance crusades, the growth of the organization, and the development of its work will be pictured in this parade with floats and banners.

A special committee of one hundred leading women has been formed to arrange for the convention.

WRIT RESTRAINS ROAD STOPPING PUBLIC SERVICE

(By The Associated Press) RICHMOND, Va., July 20.—Discontinuance of public service on the Marion and Rye Valley Railroad, operating between Marion and Sugar Grove, Va., a distance of 18 miles, was permanently restrained by the state corporation commission today when it issued an order making permanent the temporary injunction granted several days ago.

The injunction was against F. L. K. Co., as trustee for the bond holders and Minnie L. Knight, who bid \$56,700 for the railroad at a court sale last April. The sale was never completed, however, and the road is still operated by the trustee, pending action by the commission on a formal petition asking permission to abandonment of the road was made by the American Table Company, and other shippers along the line.

HUNT SWINDLERS ON WATER FRONT

(By Chicago Tribune Service) NEW YORK, July 20.—Detectives have been assigned to duty along the water front as in years gone by, it became known in West Side Court today, to run down a gang of swindlers who prey on immigrants from trans-Atlantic liners by following them to cheap hotels where they are charged exorbitant rates.

Detectives Edward Whalen and Stephen McBride today saw two men describing themselves as Abraham Board, twenty-seven and David Hammowitz, twenty, hotel clerks, getting into a taxi with four Italian immigrants. The detectives placed them under arrest.

In West Side court Board and Hammowitz said they were representatives of a reputed hotel and were advising the Italians to go there to wash up without cost before boarding trains. Magistrate Suberman held them in bail of \$100 each.

DENTIST SHOT BY CRAZY MAN

(By The Associated Press) LYNCHBURG, Va., July 20.—Dr. Robert P. Stuckley, dentist of 17 Church street, was shot in the shoulder by W. C. Hudson, 1609 Park avenue, who jumped on the running board of the car as the dentist was leaving the corner of Park avenue and Pierce street, after having let Miss Ethel Ragland out of the car.

Jealousy is attributed as the motive for the shooting, as Hudson told the police after his arrest that he had warned a number of young men to keep away from Miss Ragland, and had threatened to shoot them if they persisted in paying her attention. Hudson had seen the doctor take the young woman out for a drive last night and waited for them to return. According to the police the man is mentally unbalanced. He is a widower with three children, his wife

having been dead for four years. Dr. Stuckley's wound was dressed at the Memorial hospital by Dr. W. W. Devine, who stated that unless complications set in he did not think that it would prove serious.

CROP PLAGUE IN SPAIN.

MADRID, July 20.—The Spanish government would give a good deal at the present moment to obtain a trace of the well-known Pied Piper of Hamelin. Six million rats have invaded the fields of the richest agriculture district near Santander during the past two weeks. The farmers have appealed in a body to the government to take action to save the remaining crops by exterminating the plague. The rats came from the mining country about Palencia.

Big Kick Danville fans are getting a big kick out of the game these days with the home team winning right along in spite of unpleasant decisions at Graceland. Just whoop'em up, boys, and we'll stay up top. No matter if you do get hot in the collar, big boys, our snow-white laundry service will cheer you up and freshen you up in a jiffy. Let us show what we can do for you. Join our long list of pleased customers this week. The Star Laundry, phone for the wagon—No. 85—Adv. B&R

LEARD SIGNED TO PLAY BALL WITH DANVILLE

Manager Murphy last night signed up Bill Leard, late manager of the Twins. He also stated that no member of the team would be released to make room for Leard, but that the action was taken to fortify the team against any possible injury. Every effort is being put forth by the local management to strengthen the Tobaccoists in order to win the second half of the season in a few days. Manager Murphy hopes to be able to announce another change which will further strengthen his team. Leard will not report until Monday when he will join the team at High Point.

His record in the Piedmont this year as a player has been excellent and he will make Danville a valuable player both at the bat and in the field. He is one of the headiest players in the league always has his head up and has a great deal of natural ability.

TO VOTERS OF PITTSYLVANIA
I beg to announce that I will be a candidate in the democratic primary in August next, for nomination to the office of commonwealth's attorney for this county. I will feel greatly indebted and deeply grateful to every man and woman who may favor me with support. Respectfully yours, GEORGE T. RISON, Chatham, Va. 6-28 B&R 11

TABLET TO BE PLACED OVER ARCTIC GRAVES

WASHINGTON, July 20.—Included in the cargo of the schooner Bowdoin, in which Dr. Donald MacMillan recently left on another expedition into northern ice fields, was a bronze tablet which will commemorate the memory of American soldiers in one of the most northerly monuments in the world.

The tablet, to be placed on Cape Sabine, Ellesmere Island, more than 800 miles within the Arctic circle in latitude 73 degrees, 45 minutes north, will mark the scene of one of the most tragic passages in the history of American Arctic exploration. It will be in honor of 16 officers and men of the United States Army, members of the Greely expedition of 1881, who gave their lives in the interest of science.

The tablet was presented by the National Geographic Society. On it is inscribed: "To the memory of the dead, who, under Lieutenant A. W. Greely, here gave their lives to insure the final and complete success of the first scientific co-operation of the United States with other nations, 1881-1884."

The spot chosen for its erection is 300 miles south of the most northerly point reached by the expedition, and the nearest to civilization to which Greely was able to lead his party. The two latter conditions had failed to appear in two successive years. Of 24 men who tried to survive the winter and spring of 1883-1884 with provisions sufficient for only a few days, one after another succor arrived in June. The survivors were hardly able to move, but the rescuees found their scientific observations had been carefully made up to within 10 hours of the time of rescue.

LITTLE WAR IS ENTIRE SUCCESS

(By Chicago Tribune Service) PARIS, July 20.—France's quiet, unpretentious little war in Africa is preceding "with entire success," the war minister declared today.

Paris officials declare that reports of the French losses are greatly exaggerated although heavy fighting on July 14 and 15 is admitted.

General Poeymirau is in full command of the expedition, which the war minister characterizes as "necessary to consolidate and preserve France's interest in Africa."

Abdel Malek, Moroccan leader, represents the actual danger of the present regime in Morocco, which the government has made up its mind to crush at all costs.

Marcel Lyautey, new high commissioner of Morocco, assumes general command of the campaign from his sick bed where he has been confined since January, but General Poeymirau directs the operations in the field.

The forces engaged on the French side are estimated at only 20,000 by the war minister, although it is unofficially reported to be as high as 35,000. The force in the field has entirely modern equipment, including five squadrons of crack aviators.

When asked whether the new expedition in Africa is not an undiplomatic move while England, France and Spain are preparing a conference to settle the fate of Tangier, a war minister spokesman said:

"Our policy in Morocco concerns nobody but ourselves." They never contemplated any new acquisitions of territory by the summer campaign, but he remarked enigmatically.

"The southern boundaries of Morocco never were exactly fixed."

FIRST BALE OF NEW COTTON IS SOLD ON MARKET

(By The Associated Press) SAVANNAH, Ga., July 20.—The first bale of the new cotton crop was received at Savannah yesterday from Florida, having been grown in Lake County and came in from the point farthest south of any first bale. Last year the first bale was from Georgia, one day earlier than this year. Experts pronounced it the finest bale they ever saw. It graded officially as short middle, of fine staple and proportion. It was received by Gordon and Company, and was sold at auction to Livingston Glover and Company at 66 cents. Later in the day the bale was shipped by express to New York, where it is expected to arrive in time to present at the opening of the new building of the New York cotton exchange Monday.

YANKS FORCED TO TEN INNINGS TO WIN GAME

(By The Associated Press)

GRAND RAPIDS, Mich., July 20.—

The New York Yankees had to go ten innings to defeat the Grand Rapids team today, 4 to 3. Babe Ruth made two home runs over the center field fence and Elmer Smith knocked one over the right field fence. Ruth's first homer was the only hit the Yankees made off Stegelder's delivery for six innings. His second about drive being the second safety off his delivery.

Pedestrians have the law on their side all right but the autos hit them from behind.

The chief promised to refer the case to the newspaper men and ask them to set Bennie J. in his proper light before the public.

It appeared from the boy's story that his name had been confused with the alleged alias adopted by the "boy bandit," whose real name is said to be Dan Benvenuto.

The chief promised to refer the case to the newspaper men and ask them to set Bennie J. in his proper light before the public.

The chief didn't know but he told Bennie he would see what he could do, if Bennie would explain the youth explained.

LAST MINUTE PHOTOS WHO'S WHO IN THE NEWS

U. S. Fliers Perform for Army Chief

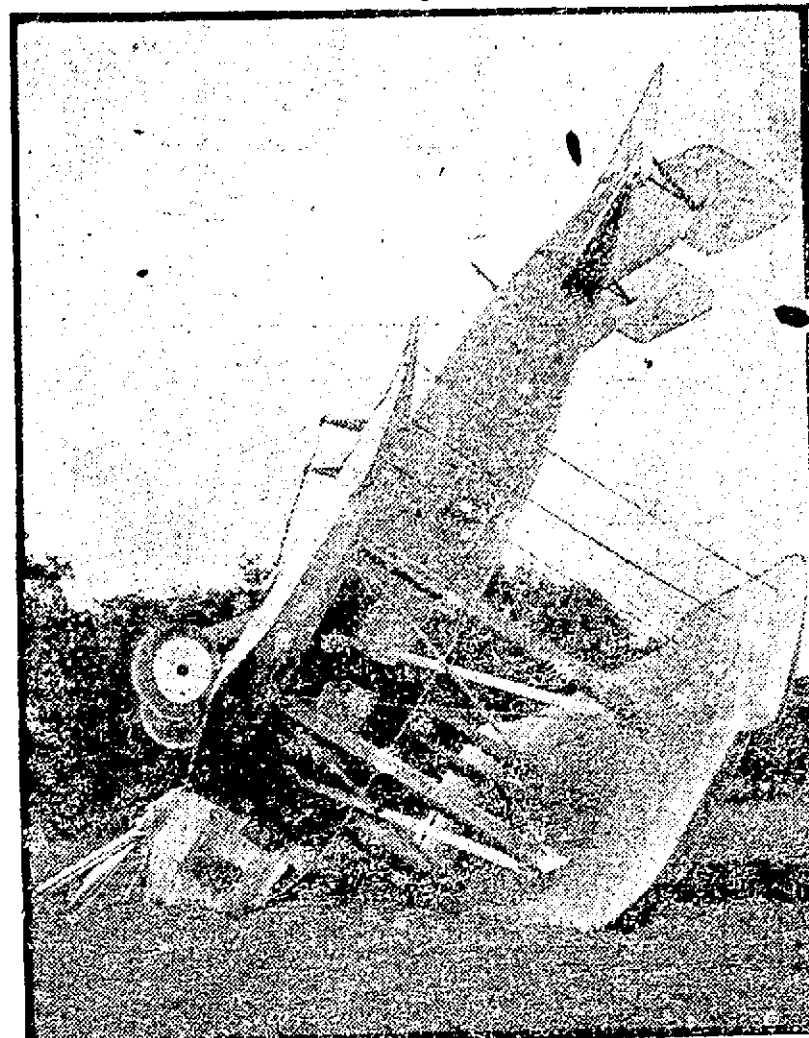

(By Pacific & Atlantic)
While Major Gen. Robert Lee Bullard was inspecting personnel and equipment of Army Air Service unit at Mitchel Field, New York, aviators gave air drill with this picturesque view.

Sail on Sacred Mission

(By Pacific & Atlantic)
Cardinal Dougherty (left) of Philadelphia, accompanied by Mgr. Cossio, sailed on Paris to attend beatification of Sister Theresa at Lisieux, France

Aviator Narrowly Escapes Death

(By Pacific & Atlantic)
Pilot Vincent Bernelli can thank lucky star that he is alive today. Bernelli was flying over Staten Island, N. Y., when his plane suddenly did a nose dive and did not stop until it hit the ground.

Harding Hoists Old Glory in Alaska

The unusual spectacle of seeing a President of the United States hoist an American flag in Alaska was presented to residents of northern territory during Presidential visit. Photo shows Mr. Harding hoisting colors at Metlakatla.

Happy and Contented Though a Captive

"The Thinker."

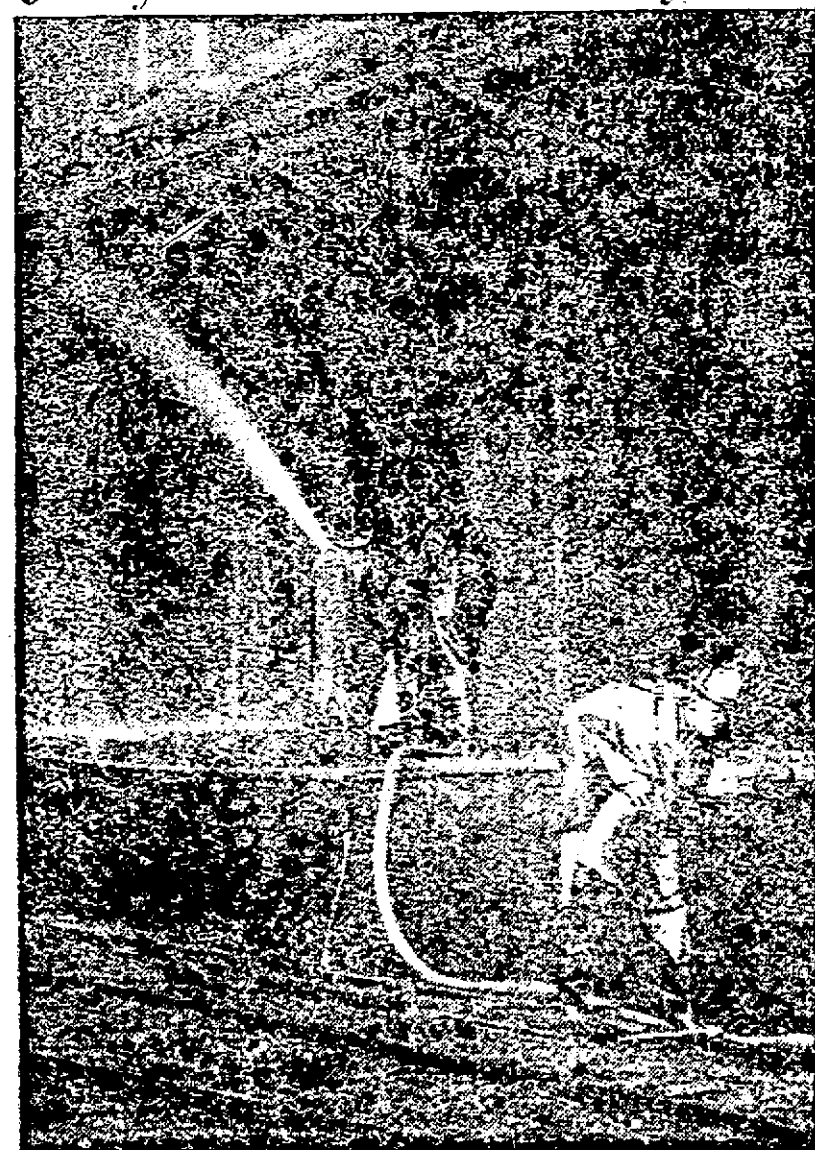

His stomach full, he sleeps peacefully.

Free to roam as they will in Jasper National Park in the Canadian Rockies, the brown bears have lost some of their fear of man. Hence the photos.

Belgians Erect Monument in Honor of French Ace

Jersey Landmark Wrecked by Fire

(By Pacific & Atlantic)
Fire destroyed Erie Railroad Terminal Building, Jersey City, N. J., landmark, causing \$50,000 damage. Photo shows fireman rescuing companion.

(By Pacific & Atlantic)
A monument commemorating the exploits of French ace, Guynemer, was unveiled recently near Ypres, Belgium, scene of many of his most famous exploits. Photo shows Commander Lambe, R. A. F., in address eulogizing ace who brought down record number of German planes.

Navy's Star Gun Crew at Work

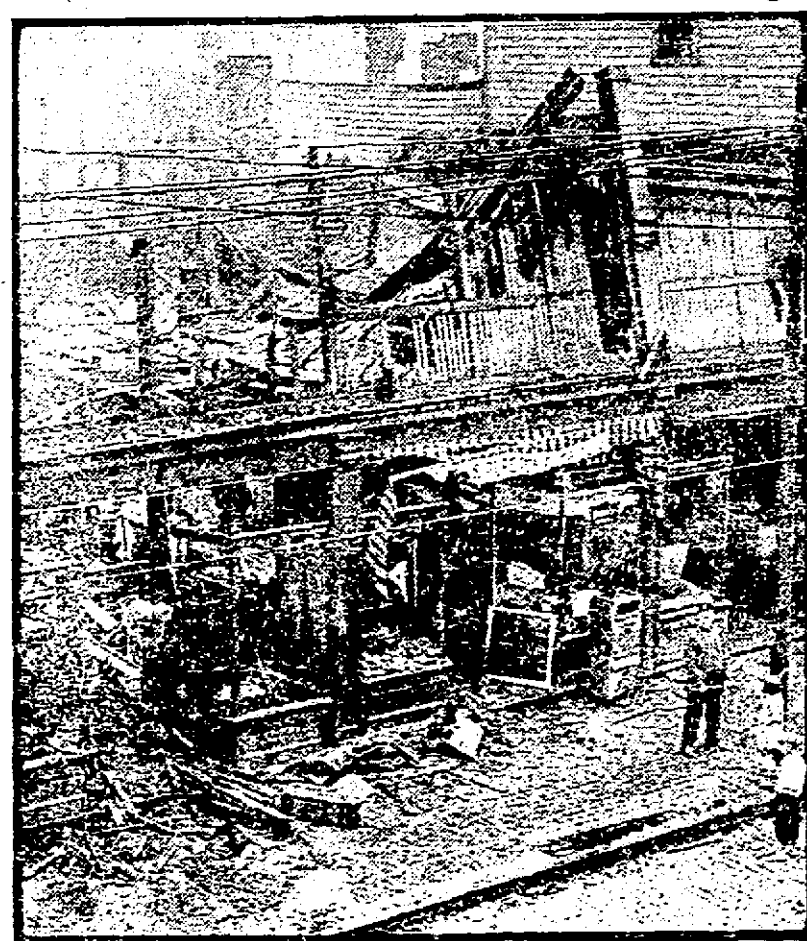

(By Pacific & Atlantic)
This is splendid action picture of navy's champion four-inch gun crew at work on destroyer Wood. They fired eight shots in forty-eight seconds.

Red Tape Cutters at Work

(By Pacific & Atlantic)
A problem raised by eighty-eight immigrants who arrived listed as Greeks perplexed Commissioner General of Immigration W. W. Hubbard (left) and Commissioner Henry H. Curran at Ellis Island. The immigrants are inhabitants of the twelve islands in the Aegean Sea, and known as the Dodecanese. As these islands have since been taken over by Italy and Turkey the eighty-eight Greeks may be eligible to enter as inhabitants of one of these two countries.

Bomb Wrecks Hazelwood Buildings

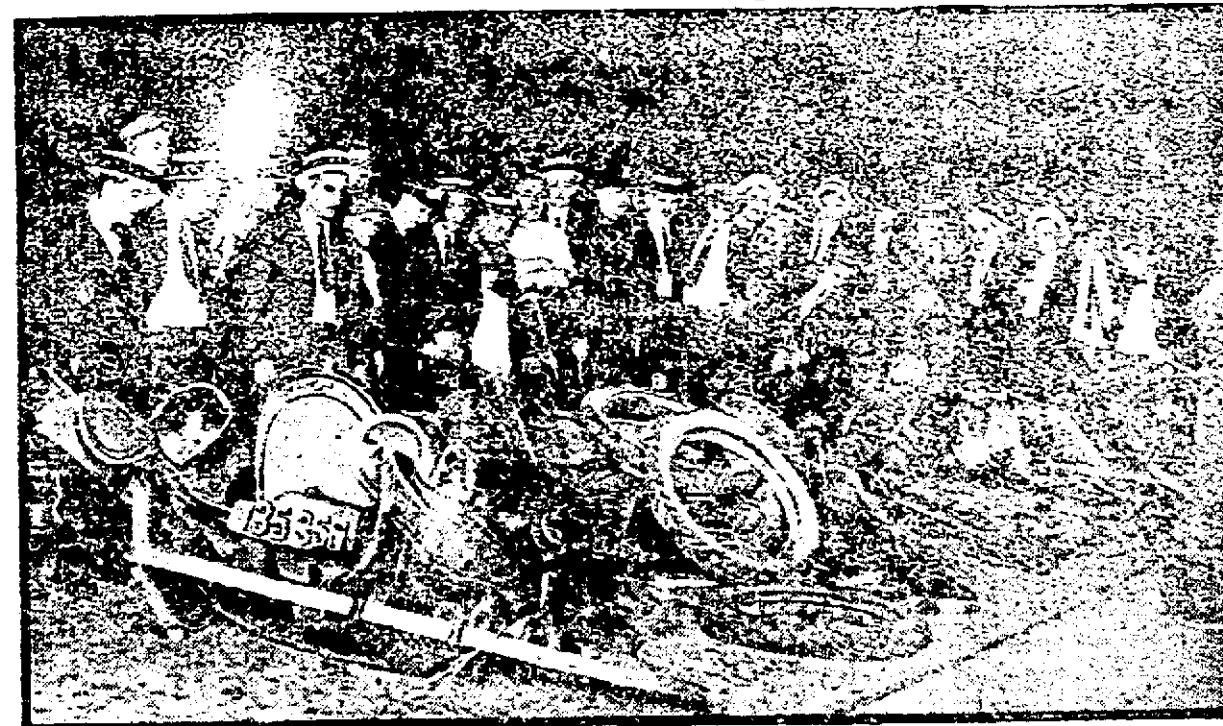

(By Pacific & Atlantic)
A bomb, planted, it is thought, by Black Handers, destroyed these buildings at Hazelwood, Pa., with \$40,000 property loss.

Autotruck Loses It's Manners

(By Pacific & Atlantic)
Brakes failing, this heavy truck ran wild in Brooklyn, N. Y., until it swerved and rammed house, overturning and spilling contents.

Six Cheat Death in Strange Auto Wreck

(By Pacific & Atlantic)
Six autoists were injured when their machine was wedged between two trolley cars in Brooklyn, N. Y. Photo shows all that remains of auto. Nothing short of a miracle saved them from instant death.

LAST MINUTE PHOTOS *WHO'S WHO WHAT'S WHAT* IN THE NEWS

Thousands Hail New King of American Golfers

(By Pacific & Atlantic)
When Bobby Jones of Atlanta, Ga., completed last stroke that won national open title for him over Inwood Country Club, New York, course, he was immediately lifted shoulder high by admirers.

Sisters Under the Skin

(By Pacific & Atlantic)
That eternal feminine instinct led Nellie Morning Glory, wife of an Oklahoma Indian chief, to a beauty parlor on her first visit to Los Angeles. Here she is having her nails manicured for the first time.

"Big Bill" Haywood Joins Reds in Celebration

Will They Have Luck of Forty-Niners?

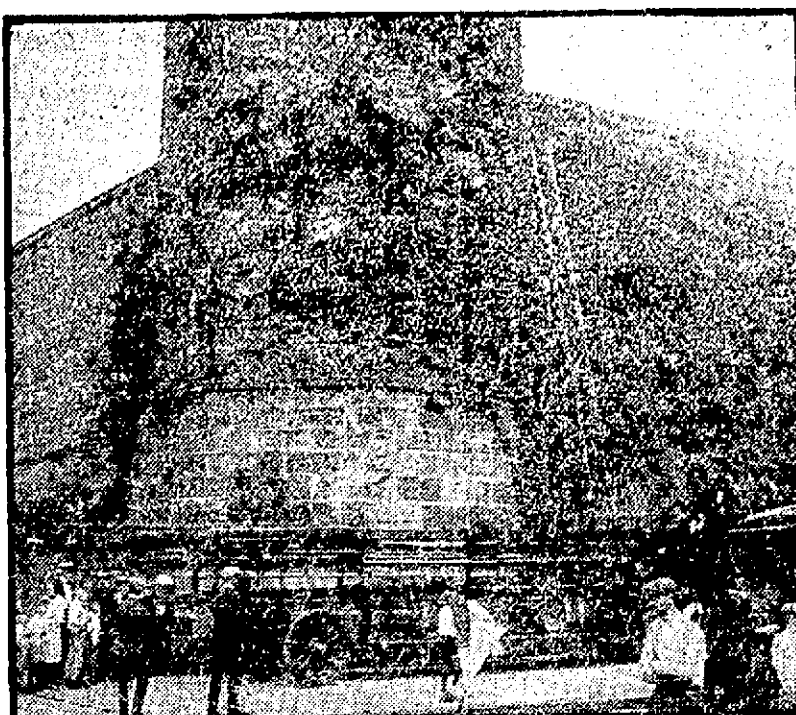

(By Pacific & Atlantic)
With gold as their goal, 105 men, women and children of San Diego and Los Angeles sailed for Nome. The expedition is one of the most unusual of its kind. The schooner on which they are making the trip is equipped with radio, phonographs and all modern home appliances. Photo shows three of the fair members of the crew getting their first lesson in sailing.

Surprise

Because Clara May Miller (above) saved Theodore Tibbits, New York, from drowning twenty-five years ago, latter left her \$250,000 fortune.

Six Convicts Break Jail

(By Pacific & Atlantic)
The above illustration shows firemen removing rope from lofty wall of Eastern Penitentiary, Philadelphia, by which six prisoners escaped after beating guard. They fled in stolen auto.

Notables Attend Justice's Funeral

(By Pacific & Atlantic)
At Westlawn Cemetery, Canton, Ohio, men of national prominence attended the burial of the late Supreme Court Justice William Day.

And We're Missing All This Fun!

(By Pacific & Atlantic)
Wonder what's the cause of these toothful smiles? Is Gladys Walton hugging Priscilla Dean in the latter's beautiful swimming pool on her Beverly Hills, California estate, or is she merely attempting to get at the pontoon raft? At any rate, they're both happy!

Hoodoo

(By Pacific & Atlantic)
Though husband, being British, may enter, Mrs. Richard Henton (above) faces deportation for second time in year as South African.

\$650,000 Gem Theft Foiled

(By Pacific & Atlantic)
Four New York safe crackers were arrested and a layout of tools (shown above with detectives), said to be most complete ever assembled, was confiscated by New York police when the thieves were about to "go to work" on a building containing over \$650,000 worth of jewelry.

This Fox Has Good Reason to Smile

No wonder this young fox, one of many bred on a Hunt-ington, L. I., fox farm, smiles. And he isn't a bit backward about being kissed, either.

Mine Disaster Takes Toll of Horror

(By Pacific & Atlantic)
Five miners sped to their death and thirty-five were injured when coupling broke in ore mine near Bessemer, Ala. Photo shows crowds at pit.

LAST MINUTE PHOTOS WHO'S WHO WHAT'S WHAT IN THE NEWS

How Alaska Pioneers Made President Harding's Trip Triumphal March

(By Pacific & Atlantic)
President Harding, Mrs. Harding and Gov. S. C. Bone (left to right) on arrival.
These photographs give idea of Alaskan joy at President's trip.

(By Pacific & Atlantic)
Market Street, Ketchikan, Alaska, decorated in honor of President's arrival.

Burglars Don't Worry This Girl

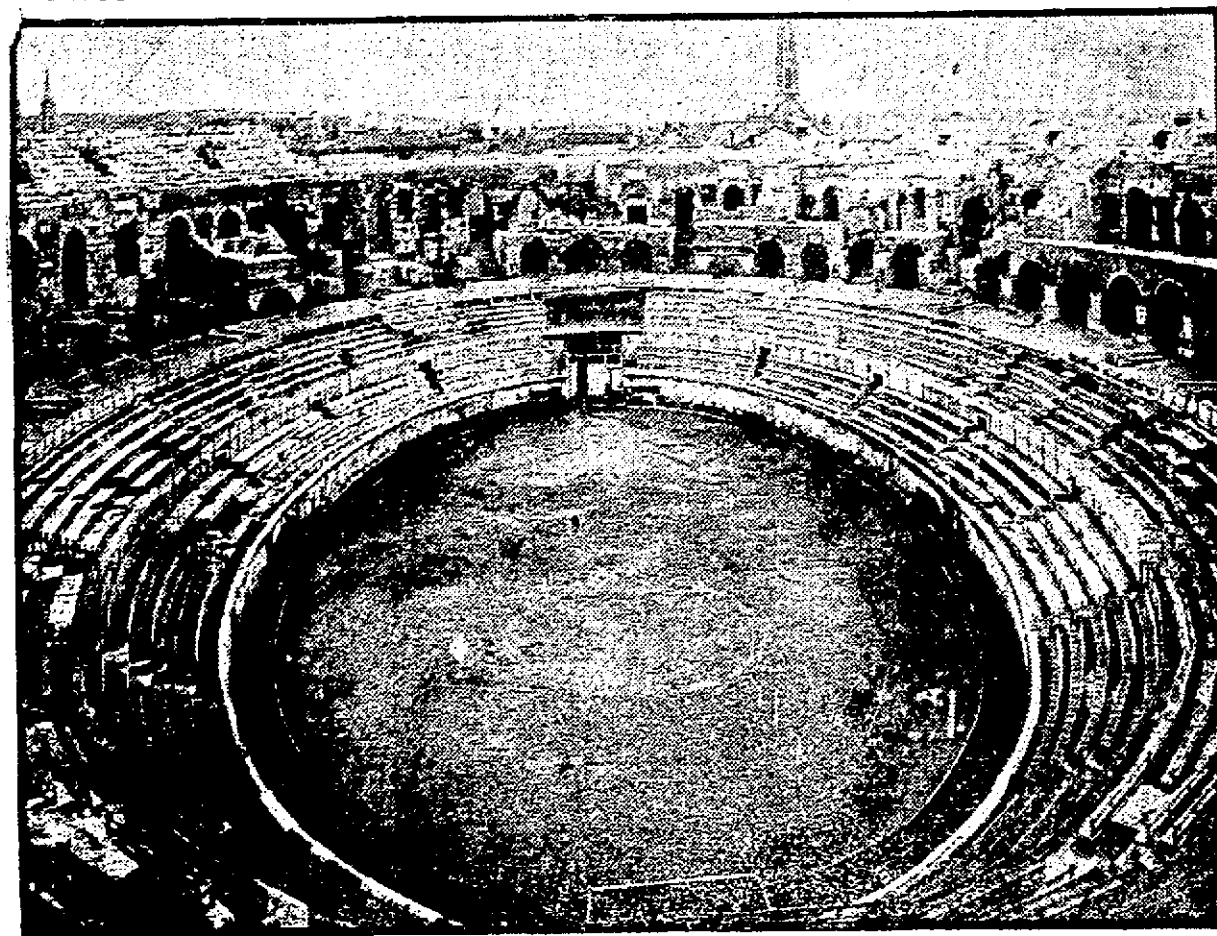

(By Pacific & Atlantic)
When burglar entered home of Miss Alice Pundt, eighteen, New York, did she scream? We should say not! She gave chase and helped policeman in capture.

This exclusive picture shows Indian children lined up at Ketchikan, Alaska, to greet the President and party on their arrival there.

Ancient Rival of Modern Stadiums Comes Back

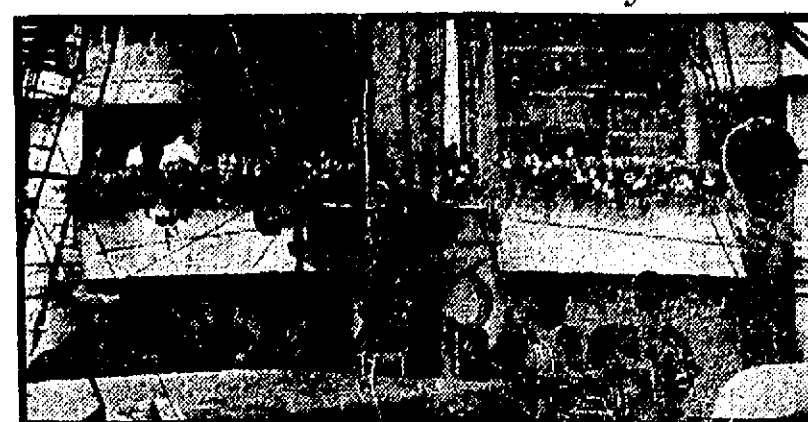

Far safer than the fight bowl at Boyle's Thirty Acres will be the famous Arles Coliseum in France when it has been restored. This is said to be the most perfectly preserved Roman arena in the world. When work of restoration has been completed modern athletic games will be staged where medieval combats were once held.

McAdoo's Law Firm Paid Big Sum by Morses, He Says

(By Pacific & Atlantic)
At fraud trial of C. W. Morse in Washington, D. C., William G. McAdoo (center, leaving court with newspaper men) said his law firm got fat Morse fees.

Latest in Sea Luxury

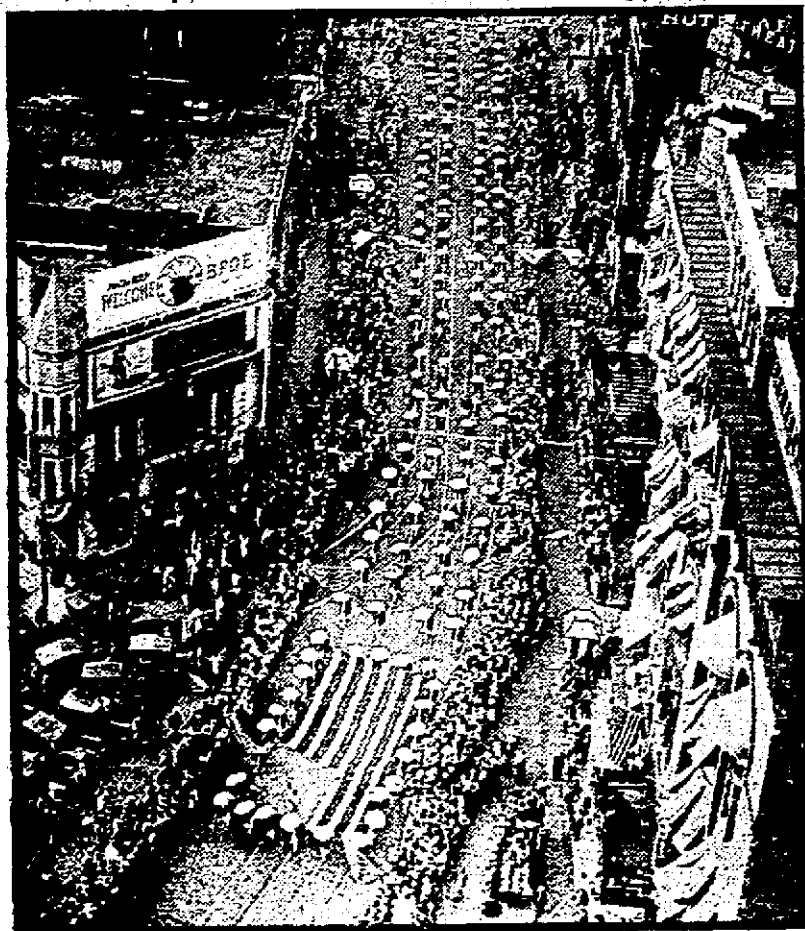

(By Pacific & Atlantic)
The very latest wrinkle in sea-going luxury was displayed aboard the new German liner Albert Ballin, now in New York—this roof garden!

Little Olympic Champion in Form

(By Pacific & Atlantic)
Out to regain the title which she lost last year, little Aileen Riggan, Olympic diving champion, is preparing for the national diving championship to be contested at Long Beach, L. I., on August 4. She is shown in final turn of jack-knife dive.

Elks Stage Colorful Parade in Atlanta

Carrying white umbrellas and a huge American flag, the members of Atlanta Lodge No. 78, B. P. O. E., are seen marching along Peachtree Street in the huge parade held on the occasion of Elks national convention in Atlanta, Ga.

Any Old Port

(By Pacific & Atlantic)
Two motherless kittens were adopted by year old dog, Caprice, owned by K. O. Mougownie, New York. Caprice mothers foundlings.

Entertains His Buddies With Lasso

(By Pacific & Atlantic)
Howard Funk, Montana cowboy and champion horse-breaker of Camp Dix, N. J., shows doughboys how to handle rope like Will Rogers in lasso stunt.

Their Swimm' Day

(By Pacific & Atlantic)
Nurses of the Association for Improving the Condition of the Poor teach mothers in New York City how to care for and give baby a bath.

LAST MINUTE PHOTOS WHO'S WHO WHAT'S WHAT IN THE NEWS

Somebody Got Wet

In canoe tilting contest at Corinthian Yacht Club carnival at Amityville, L. I., the Riker Brothers (left) gave opposing team a ducking.

Peerage Again Gets Movie Bug

Though her aristocratic Hungarian parents had no aspirations of having a movie star in the family, Countess Agnes Eschophay, endowed with beauty, pep and great acting ability, got stellar role in a German film. She promises to visit the United States.

He Lives on Stilts

There are imposing animals at the Zoo, but none that fascinates the children like the giraffe, who rides on stilts every day and does not even get off them when he goes to bed.

Police Prevent Tong War by Seizure of Arms

(By Pacific & Atlantic)
Seeking narcotics in raid on a Chinese club in Brooklyn, N. Y., police seized thirty-six convertible Mauser pistols and 3,800 rounds of ammunition, which police believe was to be used in Tong war.

Luck Aids Family as House Crashes

(By Pacific & Atlantic)
Because of excavating work near by, this building in Chicago collapsed in tremendous ruin, two families with children occupying rooms had narrow escapes.

Bright

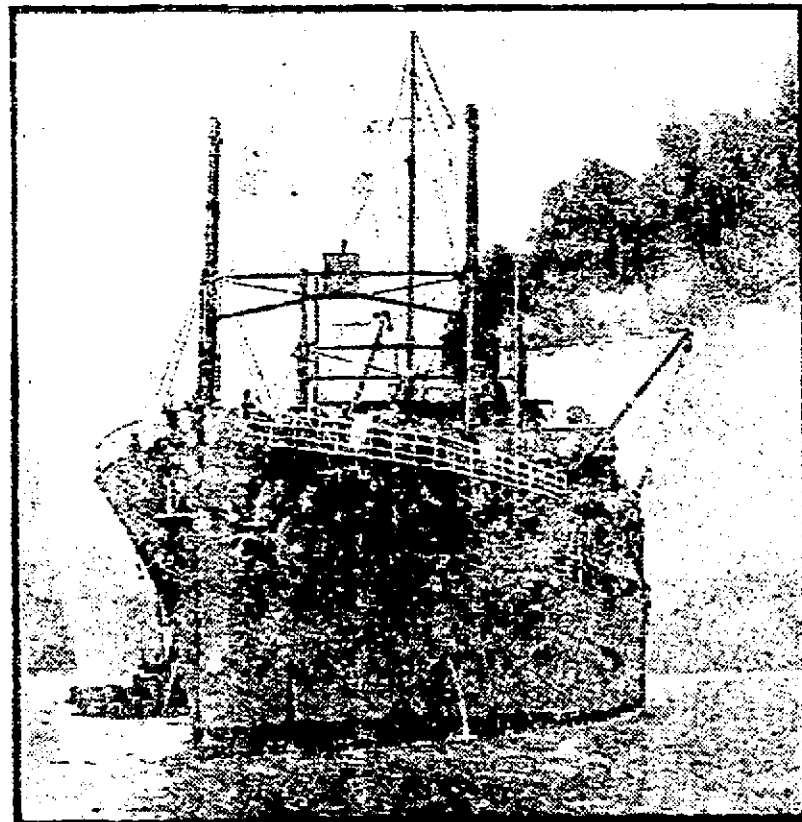

Winner of five scholarships at Harvard, Frank Coyne (above) of South Scranton, Pa., also finished second in a class of 600.

Three in One

Controlling prohibition unit, customs service and coast guard, Assistant Secretary of Treasury Mackenzie Moss (above) has man's size job.

Representatives Off on Joy Ride

(By Pacific & Atlantic)
With sixty persons, including members of the House of Representatives and their families, the U. S. naval transport Chaumont recently left Brooklyn Navy Yard for three months' tour.

You Can't Miss This Cop

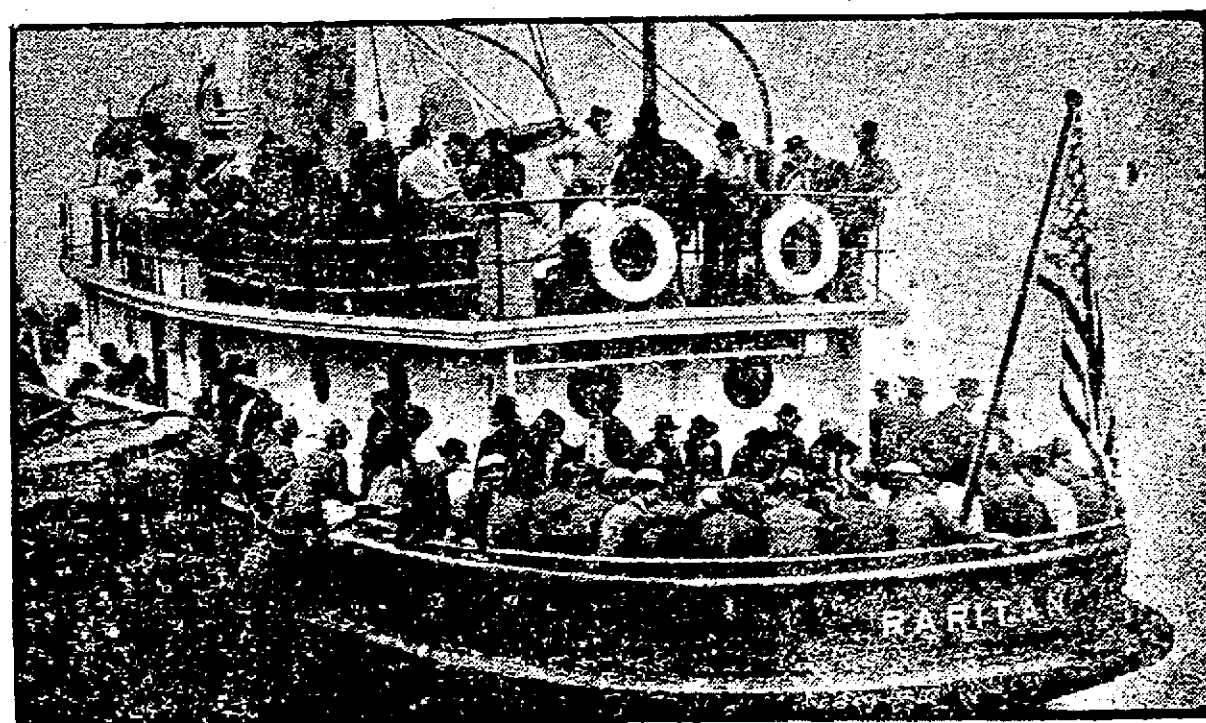

(By Pacific & Atlantic)
So careless autoists can't miss seeing 'em at night, traffic policemen in New York City have donned new uniforms of blue trimmed with white.

The Blind Learn to Swim

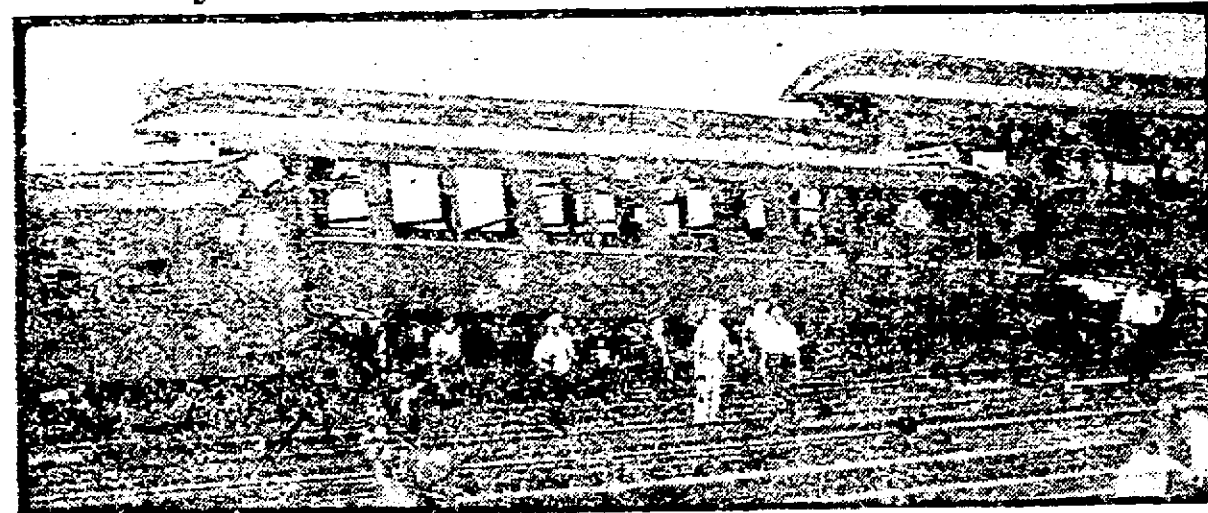

Blind war veterans at Comeback Club, Blauvelt, N. Y., get swimming lessons from Mrs. Nita S. Blaine, first woman to swim Golden Gate, Pacific Coast.

160 Undesirables Hustled Out of United States

(By Pacific & Atlantic)
One hundred and sixty undesirable aliens, among them five women, arrived in New York from New Orleans and were taken to Ellis Island aboard the Coast Guard cutter Raritan (above) to be deported to their various countries.

Why All Wooden Cars Should Be Scrapped

(By Pacific & Atlantic)
More ably than any editorial could do it, this picture tells why wooden coaches should be consigned to the scrapheap. It is a photograph of the wreck in New York in which seven passengers were injured. An "L" train of seven wooden coaches crashed into an all-steel subway train. The two first wooden cars were badly smashed and telescoped, as photo shows, while the steel train got little more than a severe jolting.
